

IP Pharma Grade Calcium Carbonate Powder

IP Pharma Grade Calcium Carbonate Powder is a high-purity industrial and pharmaceutical grade mineral powder widely used in pharmaceutical formulations, food processing, nutraceuticals, cosmetics, and industrial applications. The product is processed using advanced grinding and purification techniques to ensure superior whiteness, fine particle size, excellent dispersion, and consistent quality.

Specification	Details
Product Name	IP Pharma Grade Calcium Carbonate Powder
Form	Powder
Color	White
Purity	98% Min
Specific Gravity	2.71
Particle Size	Customized
Application	Pharmaceutical & Industrial Use
Packaging Size	50 Kg Bag
Shelf Life	24 Months
Solubility	Low in Water
Country of Origin	India

Applications:

- Pharmaceutical Formulations
- Food & Nutraceutical Industry
- Paints & Coatings
- Plastic & Polymer Industry
- Rubber Manufacturing
- Paper Industry
- Cosmetic Products
