

Vietnam Calcium Carbonate Powder

Vietnam Calcium Carbonate Powder is a high purity industrial mineral powder widely used in plastic, paint, rubber, paper, construction, coating, adhesive, and chemical industries. It offers excellent whiteness, fine particle size, smooth texture, and superior dispersion properties.

Specification	Details
Product Name	Vietnam Calcium Carbonate Powder
Chemical Name	Calcium Carbonate
Molecular Formula	CaCO ₃
CAS Number	471-34-1
Appearance	White Fine Powder
Purity	98% Minimum
Grade	Industrial Grade
Solubility	Slightly Soluble in Water
Density	2.7 g/cm ³
Whiteness	95%+
Application	Paint, Plastic, Paper, Rubber, Construction, Coating
Storage	Store in Dry & Cool Place
