Incorporated in 2000 at Ahmedabad (Gujarat, India), we “**Shikhar Industries**” are reputed manufacturer and supplier of wide gamut of Cast Iron Powder, Floor Hardener Powder, Non Metallic Floor Hardener, Metallic Floor Hardener, Ironite Powder etc. The entire range is processed using high grade chemical compounds in compliance with defined quality standards with the aid of modern technology and innovative machinery under the direction of our quality controllers. Owing to attributes such as balanced composition, longer shelf life, purity, effectiveness and high bonding strength, these products are highly demanded. Additionally, the offered products are available in diverse packaging options as per the precise requirement of clients at affordable prices.

We are backed with robust infrastructural base which is the most important asset of our company. This base is comprises functional units like production, quality testing, R & D, administrative, sales & marketing, warehousing & packaging and logistic. The production unit is armed with sophisticated machinery and tools that help us in processing our product range. We are supported by an adroit team of professionals in order to achieve maximum client satisfaction. Being a quality-centric company, we make sure that the quality of our offered products is consistently maintained. Additionally, we strive hard to deliver maximum satisfaction to our customers through various policies like effective pricing, vast distribution network, client centric approach and quick delivery.

Under the guidance of our Proprietor “Mr. Rakesh Patel,” we have gained huge success in the domestic market. His business acumen and vast industry experience helps in creating cordial relations with our respective clients.
