## About Us

Chemical industry is one of the strongest industries that has direct relation with almost all other industries be it food, paper, agriculture, leather, or any other. Being a part of this industry, we are directly uplifting companies of aforesaid sectors by providing them optimum quality chemicals. We are Hardik Trading Company, a Vadodara, Gujarat, India based company that is working as a trader, exporter and wholesaler in the industry and introducing finest industrial chemicals such as Caustic Soda Flakes, Caustic Soda Lye, Sodium Bi-carbonate, Liquid Chlorine, Soda Ash, Hydrogen Peroxide, Hydrochloric Acid, Bleaching Powder, Acetic Acid, Citric Acid, etc. These industrial chemicals are of great consistency as they are formulated with the best ingredients. As a sourcing company, we ensure partnerships are made with only such companies, which promise for quality production.

For a trading and wholesaling company, support of quality promising manufacturing companies is important for growth. Knowing the importance of the same, we have associated our company with quality-promising and timely delivery making industrial chemicals manufacturing companies. Our vendors have hi-tech facilities for production of industrial chemicals. They produce chemicals in complete compliance with industrial standards and ensure the best of standards are maintained. It is with our associates support that we are meeting companies needs for premium industrial chemicals.
