## About Us

Pacific International was founded in 2010 and has since grown to become a well-known trader and supplier of a variety of goods, including Evolis Zenius Basic Card Printer, Pacific International Memory Card, Kores Label Printer, Label Printer, and more. Our selection is highly sought after in terms of both quality and reasonable price. We are backed by reliable production partners who deliver quality products to us and surpass all our expectations.

Until now, we have served every customer in the best possible manner and attained their optimal client satisfaction. We have also set a benchmark in the industry, and we are working hard to maintain our leading market status. Our goal is to expand our business at the international level and add more to our product line, thereby catering to the wide demands of buyers at a single podium.
