About Us

Regardless of the fact that our company, Thermosag India Private Limited was newly established in the year 2021, we have successfully led our business in the market. We work as a manufacturer and supplier and provide a vast variety of products such as Air Cooled Condenser, Industrial Skid, Mechanical Vapour Recompression, MVR Evaporation Plant, Industrial Dryer, etc. We are also a service provider and give the best services like Exotic Material Fabrication Services, Functioning Equipment Fabrication Services, Industrial Fabrication Services, etc. In addition, a variety of process industries such as petrochemical, textiles, fertilizer, bio diesel, steel, effluent treatment, chemical, food & beverage, paper & pulp, edible oil & fats, oil & gas, power, etc., rely on our innovative and cost-effective solutions to ensure sustainability and competitive advantage.

We, Thermosag India Private Limited are a company situated in Ahmedabad, Gujarat, India, and from here we provide products like Cyclone Separators, Industrial Compressor, Cyclone Filter, etc.

Key Facts

Nature of Business	Manufacturer
Primary Competitive Advantages	skid mounted plant,multi effect evaporators,turbo compressor,air cooled heat exchangers
No of Staff	25
Year of Establishment	2021
OEM Service Provided	No
ProductRange	skid mounted plant,multi effect evaporators,turbo compressor,air cooled heat exchangers

Our Products

Evaporation Plant

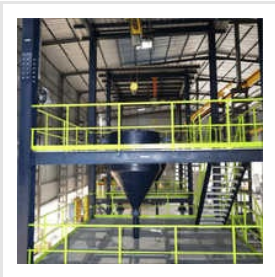

**High Standard
Fabrication Services**

**Exotic Material
Fabrication Services**

Air Cooled Condensers

**Industrial SKID
Mounted Units**

**Industrial Fabrication
Services**

**Industrial Cyclone
Separator**

Oxygen Plant

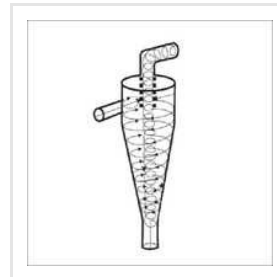

**Precision Fabrication
Services**

**Functioning Equipment
Fabrication Services**

**Agitated Nutsche Filter
Dryer**

Hydrocyclone Filter
