## About Us

Indian Solar Industry is now gearing up to bring forth a perfect blend of technology and nature through their products. In the view of this aspect, many stockists can be seen investing in this industry. Needless to say, Indian Solar Industry is going to be one of the most economy handling sectors. Seizing the opportunity, we, M J Green Power Solutions, stepped in as a trader and supplier of solar products. The array of solar products we deal in ranges from Solar LED Light to Solar Water Heater, LED High Mast Light Pole to Solar Water Pumping System and more. Each one of which is sourced from reputed solar products manufacturers who keep a close eye over their product quality standards, thereby, delivering us the best-in-class line of goods that are of greater value to us and to the environment.
