About us

Established in 2005, SS Plastics is one of the India's leading chair parts manufacturing enterprise with strong technical support, professional workforce, advance and innovative production facilities.

The aim is to produce products which are ergonomically perfect, user friendly and utterly reliable. We always accept and welcome suggestions from our valuable customers.

Vision:

SS Plastics is equipped with state of the art machinery to produce various types of high quality office chair parts and components. Advanced technologies used by us helps to produce products of superior quality, thereby, leading us ahead of the opponents.

We have earned goodwill amongst our customers because of our quality products and business ethics.

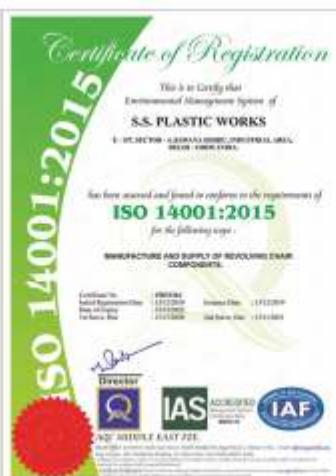

We meet the demands of the changing fashion with our latest produced products of international looks and design.

Quality Assurance:

We aim towards providing high quality ergonomic furniture products to our customers. Based on intensive research activities, our products are known for their dexterity and intricate work. We pay special attention to paints, finishing and treatment of raw materials before they are used in the manufacturing process.

We do provide customized products with exact design and technical specifications as needed by our clients.

We provide the clients with superior quality products with the help of advanced technologies and innovative design.
