About Us

Greenwatt Power Solar System (OPC) Private Limited is a solar energy company based in Nagpur, Maharashtra, India, established in 2018. The company operates as a manufacturer, supplier, and trader of solar energy products and solutions. With a focus on renewable energy, Greenwatt Power Solar System aims to provide reliable and practical solar products for residential, commercial, agricultural, and industrial applications.

The growing demand for clean and sustainable energy has created significant opportunities for solar power companies in India. Greenwatt Power Solar System contributes to this transition by offering a range of solar products designed to help customers reduce their dependence on conventional electricity sources and adopt environmentally friendly energy solutions.
