SITTING ENVIRONMENT SOLUTIONS

About us

The entire range of our products has been carefully engineered by keeping basic values of ergonomic, physiology and anthropometrics upper most in our design. School Furniture plays a very critical role in a child's learning process. The make, size and dimension and the orientation of the right kind of furniture provides a certain mood and ambience to the classroom and can greatly influence the student's comfort and behavior. For instance, proper seating arrangement with proper furniture results in informative communication as perfect layout encourages better interaction between students and teachers. Hence, it is exceptionally important to provide the right Classroom Furniture.

Infrastructure Facilities

Our state-of-the-art infrastructure is spread over an area of 9500 square feet. which includes warehouse space as well. The infrastructure comprises of world class facilities that allow smooth progress of all our business proceedings. The manufacturing unit is an integral part of our infrastructure and is setup with highly sophisticated machines and latest technology. Some of the machines are wood cutting machines, angle saw cutters and welding machines. All the machines are operated by skilled operators and are kept upgraded to ensure its efficiency.

Team Experts

We have created a team of experts who have good understanding of the market demands and are dedicated to aquire utmost customer satisfaction. We developed innovative & specific designs that enhance the look and appeal of the work environment apart from utilizing the space optimally.

Quality Assurance

The foundation of our company is based on the parameter of quality. We follow an established quality control policy as above. This assures that we think beyond the expectations of our clients. On basis of this policy, our quality analysts carefully maintain quality at each stage of production. Our company is an ISO 9001:2015 Certified Company, providing quality infrastructure for educational institutions.
