## About Us

In order to go intensely competitive in providing a full array of high-test and cost-competent machines like Packaging Machines, Industrial Packaging Equipment, Strapping Machines, Shrink Wrapping Machines, Chamber Machines, Vacuum Packing Machines, Stretch Wrapping Machines, Packaging Machines and Packaging Materials, we, Durapak, aim at streamlining the manufacturing mechanism and becoming resource-efficient. We, as a prominent manufacturer and supplier, have been vying for privileged position in Indian Markets by observing business strategies based on total satisfaction of customers. We are inclined for innovation in technology and focus our endeavour on excellence in design and construction of machines so that our range embodies sustainable properties and conforms to regulations and standards set down by global packaging machinery industry.

The business of Durapak is based in Chennai, Tamil Nadu, India, from where the company is meeting the demands of high speed shrink wrappers and similar shrink wrapping machines. It is popular as the manufacturer and supplier of high speed shrink wrapping machine, automatic shrink wrapping machines and other machinery. Its machinery can shrink wrap boxes, bottles, metal components and other products in shrink wrapping film with complete assurance of perfect finish and wrinkle free packaging. Their machines have PLC controlled system, high quality heating element, heavy duty conveyor system and high speed blower arrangement.

## Key Facts

<b>No of Staff</b>	20
<b>Year of Establishment</b>	2006
<b>OEM Service Provided</b>	No

**Our Products**

**Fully Automatic Side Sealer**

**Random Carton Taping Machine**

**Automatic Edge Sealer**

**Automatic Palletizer**

**Palletizer Machine**

**Carton Taping Machine**

**L-Sealers / Tunnel**

**Automatic L-Sealer**

**Continuous Motion High Speed Side Sealer**

**Carton Sealing / Taping Machine**

**Automatic Flap Folding Taping Machine**

**Shrink Wrap Packaging Machine**

**L Sealer And Tunnel**

**Semi Automatic L Sealer And Tunnel**

**Paper Void Fill System**

**Intermittent Motion Side Sealer**
