

ESAB DRYING OVENS

Portable / Bench Electrode Drying Ovens

QDS5

QDO300

Bench Oven

Efficient and User-friendly

ESAB drying/ re-drying ovens are electrode storage containers designed to remove moisture and helps to keep electrode dry.

- **Thermostat controlled** auto power cut-off ensures stability at set temperature and save electrical energy
- **Uniform heating** of electrodes through fibre-glass sleeved heating element placed along full length of chamber
- **Insulation** layer of thick glass wool ensures retention of heat and efficient utilisation of energy
- **User friendly** control, digital display (Bench Oven) & indicators for temperature set and main power control
