

# Electrode Bench Oven

Electrode Re-drying oven

*Electrode Bench Oven  
25 kgs*

ESAB's new 25 kg Electrode re-drying Bench Ovens provide uniform heating through multiple heating elements placed strategically around a cylindrical inner chamber. Thick insulation and a strong door locking mechanism ensures no loss of heat from body and the door.

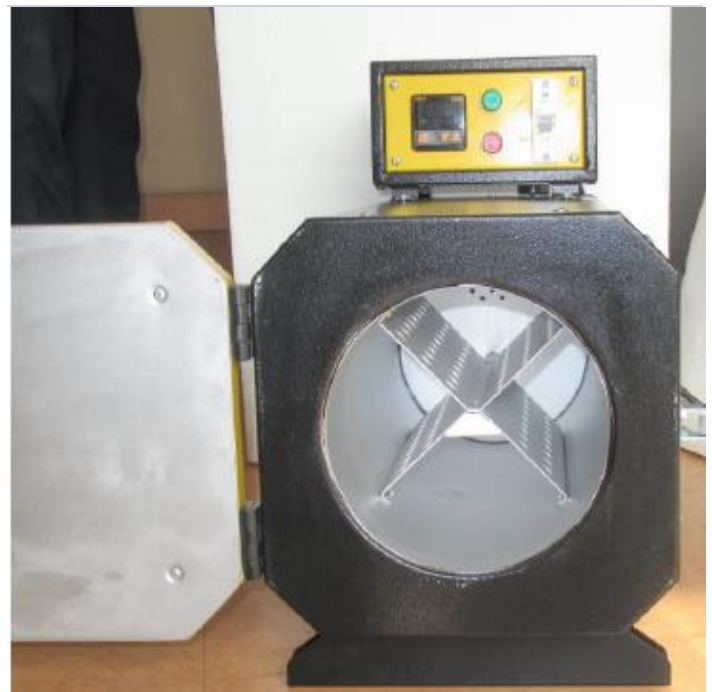

A honeycomb design shelf with 4 slots, provides better heat flow and space to store different size electrodes.

- Capacity: 25kgs
- Power: 700 Watts for quick heating
- 4 slots that fits electrodes of 450 mm length
- Thick glass wool insulation for heat retention
- Uniform heating for complete moisture removal
- Digital control panels and display

## Industry or process (from existing list)

- Construction
- PEB's and Heavy Fabrication
- Ship Building

*Inner chamber with slots*

# Product Name

Specifications	
Input supply V, Ph, Hz	220, 1, 50
Input power, W	700
Capacity, Kgs	25
Max drying temp °C	300
Inner chamber dimensions	196 mm diameter
Outer dimensions, mm (l x w x h)	635 x 340 x 450
Net Weight	24 kg
Electrode storing space	4 Slots

Ordering Information	
Description	Part Number
Electrode Bench Oven 25 Kgs	2002 00 3014

Delivery includes: Electrical cable and industrial plug

Options & Accessories	
Description	Part Number
DURA Welding Hand Gloves	2001 005 021
DURA Welding Aprons	2001 007 021
Safety Helmet Yellow, Ratchet Type (28/ Box)	2001 001 014
