About Us

Shree Agarwal Enterprises is a trusted manufacturer, trader and supplier in the field of surface preparation and industrial blasting solutions. Established in 2024 in Sojat, Rajasthan, our company has quickly built a reputation for delivering products that combine strength, durability, and reliability. With a strong vision and commitment to excellence, we serve industries across India with high-quality materials designed to enhance performance and efficiency. We specialize in a wide array of blasting and surface treatment products that cater to multiple sectors. Our product line includes White Sand Blasting Glass Bead, Sand Blasting Glass Bead, Ceramic Blasting Nozzle, Cylindrical Wolfram Guard Abrasion and Steel Shots. Each of these products is manufactured and sourced with strict adherence to industry standards, ensuring superior quality and consistent results. From heavy-duty cleaning to precise finishing, our solutions are engineered to meet diverse customer needs.

Quality is the foundation of our business philosophy. Every product undergoes rigorous checks before reaching the client. We ensure that our blasting media and accessories deliver outstanding performance while maintaining cost-effectiveness. By combining advanced technology with experienced professionals, we provide products that not only meet but exceed expectations. Our continuous focus on innovation keeps us aligned with the latest industry demands. We believe that long-term business relationships are built on trust and transparency. Our team strives to understand the unique requirements of each client and deliver solutions tailored to their specific applications. Whether it is a bulk order or a customized request, we maintain the same level of dedication and professionalism. This approach has enabled us to earn the confidence of our customers and establish ourselves as a reliable partner in the industry.
