## About Us

Providing market-specific and application-specific Fertilizers, Fungicides, Pesticides, Neem Oil, Crop Care Products, Agro Bio Pesticide, etc., is the specialty of APM Crops. We initiated business as a manufacturer, wholesaler and exporter of these products not long ago on 5th November, 2020, where the inspiration to start something and make a mark came from the fact that we participated in a science fair exhibition in Bhavnagar, Gujarat, where we earned awards and acclamations for two of our products, Organic Fertilizer and Granulated Fertilizer. We won awards from the Gujarat Government and that motivated us to develop many other products and boost specific farming requirements in India.

APM Crops from Bhavnagar, Gujarat, India, is meeting growing demands of high-quality Biofertilizers, Humic Amino Shiny Ball, Organic Fertilizers, Micronutrients, Organic Plant Growth Promoter, etc., and similar other products, in an eco-friendly way.
