About Us

Prior to dealing with a production-based company, customers usually take into account a variety of factors, but the most crucial one is the quality of their products. Fortunately, our company, PSR Trading Company, has garnered the trust of many customers by operating as a manufacturer and supplier of the highest quality products. Since the beginning of our business in the year 2012, we have provided various types of unique products, including Threaded Thermowell for Temperature Probe, Head Type PT Thermocouple, Welded Thermowell, Industrial Thermocouple Cable, etc. Each batch of manufactured products is meticulously checked after the production process to ensure it meets the highest quality requirements. We additionally conduct an in-depth market research to keep the prices of all of our high-quality products reasonable.

In the extremely competitive market of present times, we at PSR Trading Company have proven our capacity to considerably expand our business. Our business expansion has been aided by our unwavering dedication to provide only the best solutions to our customers. To obtain the highest grade of raw materials, we collaborate with some of the most reputable vendors. Using all available resources, we manufacture a vast product assortment, which includes Sanitary Thermowell, K Type Thermocouple, Flanged Thermowell, and many more. The prices of all our products are always kept nominal. In addition, we are able to deliver our products quickly from our facility, which is strategically located in the city of Vasai, Maharashtra, India.
