About Us

Ashoka Electricals is a trusted name in the field of electrical and piping solutions, serving diverse industry requirements with consistency and professionalism. Established with a vision to supply dependable products, we focus on delivering quality materials that support safe and efficient electrical installations. Our customer-centric approach and market understanding allow us to meet evolving demands while maintaining high service standards. As a trader and supplier, we bridge the gap between manufacturers and end users by offering carefully sourced electrical and piping components. We follow transparent business practices, ensure timely availability of products, and maintain long-term relationships with our clients. Our structured sourcing process helps us provide reliable solutions suitable for residential, commercial, and industrial applications.

Our product portfolio includes Pipe Fitting, Electric Box, Conduit Fitting, PVC Pipe and Nylon Polyamide Flexible Pipe. Each product is selected to meet industry norms and functional requirements. These products are widely used for electrical wiring protection, cable management, and infrastructure development. We focus on consistency in supply and suitability across various project scales. Quality remains a core priority. We work closely with reputed vendors who follow standard manufacturing guidelines. Every product is checked for durability, performance, and dimensional accuracy before supply. This quality-driven approach helps clients reduce installation issues and ensures long-lasting operational efficiency across different usage environments.
