

HOW TO ORDER

Our aim is to make ordering as quick, easy and convenient as possible. Our products are available via a comprehensive network of stockists throughout the UK, Ireland and the rest of the world.

Our Distributors hold stock of fast-moving items. If they do not have the specific item that you require, they can order it from us and we will deliver it promptly.

Finding your local Stockist is quick and easy, either visit www.sealey.co.uk or call us on the number shown below.

Our call centre is open between 8.30am to 5.30pm Monday to Friday. Calls are immediately passed to the first available operator without any complicated routing process. Our experienced, professional and friendly advisors can provide instant stock availability, pricing and technical information.

Our authorised stockists can order direct from us via telephone, email, fax or online using our B2B (Business to Business) website. Here, you can place your order at a time that suits you and view instant stock availability and pricing.

HUGE STOCKS & FAST DESPATCH

We hold over £30million worth of stock. Modern, computer controlled warehousing enables, on average, 99.8% of our entire product range to be despatched straightaway.

Some items in our Catalogue are very heavy and extra assistance is recommended at the delivery point to help unload. Look out for this logo on products affected.

A 250g Flux Paste
Model No. SOL250

Flux paste initially adheres components in place, it is then heated, melting the paste and forming a mechanical, as well as an electrical, connection.

Size: 250g

B 500ml Solder Fluxing Fluid
Model No. SOLFLUX

Liquid flux is a key component to soldering because it removes oxidation that prevents solder from bonding to metals. Soldering even freshly cleaned metals requires flux because metals oxidize extremely fast under high soldering temperatures.

Size: 500ml

C Solder Sucker
Model No. SD151

Aluminium/composite construction suitable for sucking excess solder from joints and components. Push-button operation. Fitted with hard-wearing Teflon® tip.

D Lead-Free Soldering Wire Dispenser Tube
Model No. SW20

Tube of flux cored lead-free wire for general purpose soldering.

Size: 10g

E Soldering Wire Dispensing Stand
Model No. SWD1

Steel construction supports sizes of wire up to 1kg. Features soldering wire guide and smooth reel action for improved work efficiency. Fitted with sheathed soldering iron holder for storing iron even when hot. Supplied with soldering sponge.

F - I Solder Wire Quick Flow 40/60
Model No. SEE BELOW

Quick flow solder with a unique resin 'core' making it suitable for brass and copper. Precision wound solder wire dedicated for manual (hand soldering), automated and high speed soldering applications. For strong joints and reliable connections.

Replacement Soldering Tips - To order use Model No. as prefix, followed by /ST for Straight or /CT for Curved, with an additional 7 for Model No. SD100 (e.g. SD30/ST, SD40/ST, SD100/ST7).

M 6W Rechargeable Lithium-ion Soldering Iron
Model No. SDL6

Ideal for multiple applications including automotive soldering in and around engine bays. Much safer than using conventional gas powered soldering irons. Powered using Lithium-ion battery technology which enables faster heating times and improved battery life. Heats up to maximum temperature in 25 seconds. Unit is charged and stored in the base and is supplied with a mains charger.

Power Rating:	6W
Maximum Temperature:	510°C
Charging Time:	3-4hr
Operating Time:	90min
Battery:	3.7V 2.6Ah Li-ion
Replacement Soldering Tips:	
Conical Tip:	SDL6.CT
Flat Chisel Tip:	SDL6.FT

A Heavy-Duty Staple & Brad Nail Gun
Model No. **AK7061**

3-in-1 Staple and nail gun. Fitted with adjustable power control and staple remover. Features removable sole plate for easy clearance of blockages. Supplied with starter pack of 1500 nails and staples. Suitable for a wide range of applications. Supplied in storage case. See page 262 for full specification.

C Steel Hog Rings - Pack of 2500
Model No. **SHR2010**

Steel hog rings with galvanised coating. Pointed ends make these hog rings particularly suited to vehicle upholstery repairs. Suitable for a wide variety of uses. 2500 Hog rings per box as 50 strips of 50. See page 612 for our Hog Ring Pliers.

F Retracting Razor Scraper with Blades
Model No. **AK867**

Chrome plated steel construction with retracting blade carrier for extra safety. Supplied with five spare blades.

Length: 100mm

I Utility Knife Blade - Pack of 10
Model No. **AK86/B**

Suitable for use with standard/traditional utility knives. Pack of 10.

J Snap-Off Blades - Pack of 10
Model No. **AK86R/B**

Suitable for use with retractable snap-off knives. Pack of 10.

K 150mm Junior Hacksaw Blade - Pack of 10
Model No. **S0527.B**

150mm Hacksaw blades suitable for Model No. S0527. Supplied in pack of 10.

Trim Clips

A comprehensive range of panel, trim and moulding clips suitable for a wide variety of popular vehicles. All clips are manufactured to OEM specifications and supplied in convenient resealable bags of 20 clips or assortment boxes denoting their application. ALWAYS CHECK THE DILUTION RATES

When purchasing any of the products featured on this page, it is important to check the dilution rates to see exactly how much fluid you will be getting from each full container. All of our cleaning products A-H are made in the UK and come with impressive dilution rates meaning you get more for your money than some others available on the market.

All TFR detergents are available as **5L** or **25L**
