

HOW TO ORDER

Our aim is to make ordering as quick, easy and convenient as possible. Our products are available via a comprehensive network of stockists throughout the UK, Ireland and the rest of the world.

Our Distributors hold stock of fast-moving items. If they do not have the specific item that you require, they can order it from us and we will deliver it promptly.

Finding your local Stockist is quick and easy, either visit www.sealey.co.uk or call us on the number shown below.

 **+91 9380647428**

+91 8073843541

info@vandita-technovations.in

www.vandita-technovations.in

Our call centre is open between 8.30am to 5.30pm Monday to Friday. Calls are immediately passed to the first available operator without any complicated routing process. Our experienced, professional and friendly advisors can provide instant stock availability, pricing and technical information.

Our authorised stockists can order direct from us via telephone, email, fax or online using our B2B (Business to Business) website. Here, you can place your order at a time that suits you and view instant stock availability and pricing.

HUGE STOCKS & FAST DESPATCH

We hold over £30million worth of stock. Modern, computer controlled warehousing enables, on average, 99.8% of our entire product range to be despatched straightaway.

Some items in our Catalogue are very heavy and extra assistance is recommended at the delivery point to help unload. Look out for this logo on products affected.

A Safety Spectacles
Model No. **SSP29**

Lightweight spectacles. Side arms with built-in ventilated shields. Conforms to BS EN 166/1F.

B NEW

B Value Safety Glasses
Model No. **9204**

Clear polycarbonate safety lens with direct ventilation in the frame. Conforms to BS EN 166/1F.

C NEW

C Over-Spectacles
Model No. **9203**

Fits over most prescription glasses. Clear lightweight polycarbonate design. Ideal for visitor's use. Conforms to BS EN 166/1F.

Lens Type: Clear

D Adjustable Arm Safety Spectacles
Model No. **SSP44**

Wraparound, clear, anti-scratch, polycarbonate lens. Adjustable length nylon arms for a snug fit. Conforms to BS EN 166/1F.

Lens Type: Clear

F

F Safety Spectacles
Model No. **SSP61**

Comfortable dual material temples for improved fit around the nose. Modern wraparound design gives increased protection. Polycarbonate anti-scratch lens. Conforms to BS EN 166/1F.

Lens Type: Clear

G

G Safety Spectacles
Model No. **SSP3**

Clear polycarbonate, abrasion resistant lenses. Integrally moulded side and brow protection. Conforms to BS EN 166/1F.

E Flexi Grip Gloves, FFP1 Mask, Goggles & Ear Plugs

Model No. **SEP1**

Contents: 9329/3 - FFP1 Fold Flat Mask - Pack of 3, 201 - Standard Goggles Indirect Vent, 9125XL - Flexi Grip Nitrile Palm Gloves (X-Large) - Pair, 403 - Ear Plugs

I NEW

I Flexi Grip Gloves, FFP2 Mask, Goggles & Ear Plugs

J SSP67	Anti-Glare

K - L Safety Spectacles with EVA Padding
Model No. SEE BELOW

Modern, lightweight wraparound design, with flexible TPR arms, offers added protection and increased user comfort. Polycarbonate anti-scratch lens. Includes foam lining to keep wind, dust and other irritants away from eyes. Conforms to BS EN 166/F.

Model No:	Lens Type:
K SSP68	Clear
L SSP69	Anti-Glare

WORKSAFE®

M Premium Goggles - Indirect Vent
Model No. 9202

Designed with a wide-angle curved lens to enhance visibility. Adjustable headband and soft PVC frame provide added comfort. Indirect ventilation in goggle frame. Conforms to BS EN 166/1B.

Lens Type: Clear

A **NEW**
Deluxe Face Shield
Model No. **SSP80**

Ratchet adjustable headband with front and back padding for extra comfort. Polycarbonate visor for increased protection, stability and durability. Stepped angle adjustment on visor which simply flips up out of the way when not in use. Suitable for use with standard glasses. Premium quality for automotive, agricultural and industrial applications. Conforms to BS EN 166/1F.

D
Brow Guard with Full Face Shield
Model No. **SSP11E**

Ratchet adjustable headband with brushed nylon comfort band. Suitable for automotive, agricultural and industrial applications. Conforms to BS EN 166/1B.

Replacement Visor: **SSP11E/R**

G **NEW**
Clip-On Visor
Model No. **222**

Suits all Worksafe® safety helmets. Conforms to BS EN 166.

B
Deluxe Brow Guard with Aspherical Polycarbonate Full Face Shield
Model No. **SSP78**

Ratchet adjustable headband with front and back padding for extra comfort. Polycarbonate visor for increased protection, stability and durability. Premium quality for automotive, agricultural and industrial applications. Conforms to BS EN 166/1F.

Replacement Visor: **SSP78.V2R**

E **NEW**
Brow Guard with Full Face Shield
Model No. **SSP9E**

Ratchet adjustable headband with brushed nylon comfort band. Suitable for automotive, agricultural and industrial applications. Conforms to BS EN 166/1B.

H **NEW**
Clip-On Mesh Visor with Carrier
Model No. **SEE BELOW**

Suits all Worksafe® safety helmets. Conforms to BS EN 1731: 2006.

Model No:	Description:
223	Clip-On Mesh Visor
225	Spare Mesh Visor

C **WORKSAFE®**
Safety Goggles with Detachable Face Shield
Model No. **SSP76**

Manufactured from polycarbonate for superior durability and resistance. Offers full face protection with an increased range of mobility compared to a standard face protector. Curved face shield conforms to the shape of the face offering improved protection. Detachable indirect goggles to allow for extra versatility. Features a wide angle curved lens for enhanced visibility. Adjustable headband with soft PVC frame provides added comfort. Conforms to BS EN 166/B

F **NEW**
Brow Guard with Full Face Shield
Model No. **SSP10E**

Ratchet adjustable headband with brushed nylon comfort band. Competitive quality for automotive, agricultural and industrial applications. Can be used with standard glasses. Conforms to BS EN 166/1F.

Replacement Visor: **SSP10E/R**

I **NEW**
Forestry Kit
Model No. **502YFK**

Includes helmet, mesh visor and clip-on ear defenders. Helmet conforms to BS EN 397. Visor conforms to BS EN 1737. Ear defenders conform to BS EN 352-3.

A Safety Helmets
Model No. **SEE BELOW**

Available in seven colours these premium Safety Helmets conform to BS EN397. Fitted with a comfortable webbed harness, with twist and lock ratchet mechanism size adjustment for user comfort and ease of use. Helmets are also vented for further comfort when being worn for long periods. A short peak means that the helmet is less likely to get in the way in confined spaces. A full range of clip-on accessories are available for use with these helmets.

Model No:	Pack Qty:
502W	White
502Y	Yellow
502O	Orange
502R	Red
502G	Green
502B	Blue
502BLK	Black

B Clip-On Mesh Visors
Model No. **SEE BELOW**

Suits all Worksafe® safety helmets. Conforms to BS EN1737.

Model No:	Description:
223	Clip-On Mesh Visor
225	Spare Mesh Visor

C Forestry Kit - Yellow
Model No. **502YFK**

Includes helmet, mesh visor and clip-on ear defenders. Helmet conforms to BS EN397. Visor conforms to BS EN1737. Ear defenders conform to BS EN352-3.

Colour:	Yellow
---------	--------

D Clip-On Visor
Model No. **222**

Suits all Worksafe® safety helmets. Conforms to BS EN166.

E Safety Baseball Bump Cap
Model No. **SSP16**

Baseball bump cap with solid internal cover for protection against knocks and grazes. Adjustable strap suits all sizes. Convenient short peak design, better suited for working in and around vehicles. Internal padding and ventilation for added comfort. Conforms to EN 812.

F Thermal Beanie Hat
Model No. **509**

Thermal for cold conditions. Navy blue. One size fits all.

A Handheld Welding Mask - Shade 10
Model No. **SSP90**

Handheld welding mask, supplied with a shade 10 lens. Made from high-impact resistant polypropylene. Accepts 110 x 90mm lens (supplied). Conforms to BS EN 175.

Shade:	10
--------	----

B Welding Head Shield - Shade 10
Model No. **SSP101**

Welding head shield with polypropylene shell and adjustable headband. Features a 2" x 4-1/4" front flip lens for quick and easy weld inspection. Supplied with a shade 10 lens. Conforms to BS EN 175.

Shade:	10
--------	----

C Auto Darkening Welding Helmet - Shade 11
Model No. **S01000**

Shade 11 welding helmet. Complies to BS EN 379, BS EN 175 and DIN standards. Features automatic switching from light to dark on striking arc. Fitted with adjustable sensitivity and delay controls for switching light to dark. Fitted with solar panel power supply - no batteries required. Deluxe contoured helmet with fully adjustable headband featuring front pad for added comfort. Suitable for MIG, TIG and arc welding.

Shade Active:	11
Shade Inactive:	3
Grinding Function:	X
Viewing Area:	91 x 39mm
Operating Time Light/Dark:	0.1ms
Operating Temperature:	-10°C to +60°C

G Leather Welding Apron
Model No. **SSP/LWA**

Comfortable leather welding apron with ties.

Length: 900mm
Width: 600mm

H Heavy-Duty Leather Welding Apron
Model No. **SSP146**

Heavy-duty traditional welding apron protects body and upper legs when welding. Manufactured from split cow hide leather with Kevlar® stitching. Adjustable straps with quick release buckles ensure a secure fit at all times. Features front hook-and-loop pocket and conforms to EN ISO 11611.

Size (W x L): 565 x 900mm

I Heavy-Duty Leather Welding Safety Hood
Model No. **SSP145**

Heavy-duty leather welding hood, offers best mix of durability, comfort and protection from sparks and spatter. Hook-and-loop fastening means one-size-fits-all. Manufactured from split cow hide leather with Kevlar® stitching. Conforms to EN ISO 11611.

A Lined Leather Welding Gauntlets - Pair
Model No. **SSP141**

Gauntlets offer superior protection from spatter and heat. Comfortable, durable and preferred by the professional welder. Conforms to BS EN 388 and BS EN 407.

B TIG Welding Gauntlets - Pair
Model No. **SSP142**

Quality goat skin TIG welding leather gauntlets with 160mm split cow leather cuff. 330mm Length. Conforms to BS EN 388 and BS EN 12477:2001.

C Heavy-Duty Lined Leather Welding Gauntlets - Pair
Model No. **SSP151**

Heavy-duty traditionally designed extra-large welding gauntlets providing excellent protection against spatter and heat. Manufactured from split cow hide leather with Kevlar® stitching, cotton lined cuff with a soft comfortable fleece lining. Durability is enhanced by additional leather, stitched over the palm area of the hand. This model cannot be used for arc welding. Five year storage life in cool, dry conditions. In case of wear/damage/deterioration the gloves must be scrapped. Certified to EN 12477, Type 'A'. Rated to EN 388 - 3134X and EN 407 - 41314X.

D Kevlar® Hot Sleeves
Model No. **SEE BELOW**

Manufactured to CAT 2 BS EN 388 and BS EN 407 from 100% DuPont Kevlar®. Designed for use in engine bays to prevent cuts to forearms and burns from exhausts and other hot components. Thumb slot design ensures sleeve will stay in position.

Model No:	Length:
SSP36	355mm
SSP37	460mm

E Standard Rigger's Gloves - Pair

C Half Mask - No Cartridges

Model No. **9360**

Lightweight and dermatologically friendly made from soft thermoplastic elastomer. Built-in exhalation vent makes breathing out easy and comfortable without letting harmful materials in. Threaded cartridges makes connecting filters easy and efficient. Adjustable straps in order to optimize comfort and support.

Pack Qty: 1

D Half Mask with P3R Filter Cartridges

Model No. **9360/62**

Lightweight and dermatologically friendly made from soft thermoplastic elastomer. Built-in exhalation vent makes breathing out easy and comfortable without letting harmful materials in. Threaded cartridges makes connecting filters easy and efficient. Adjustable straps in order to optimize comfort and support. Supplied with 2 x P3R HEPA filters for protection against particulate. Maximum user levels 30 x OEL.

Spare Filter Cartridge (Pack of 2): **9362**

E Half Mask with A1P2R Filter Cartridges

Model No. **9360/61**

Lightweight and dermatologically friendly made from soft thermoplastic elastomer. Built-in exhalation vent makes breathing out easy and comfortable without letting harmful materials in. Threaded cartridges makes connecting filters easy and efficient. Adjustable straps in order to optimize comfort and support. Supplied with 2 x A1P2R filters for protection against organic vapour and particulate. Maximum user levels 1000ppm or 10 x OEL whichever is lower.

Spare Filter Cartridge (Pack of 2): **9361**

Spare Pre-Filter (Pack of 10): **9364**

F Half Mask with ABEK1 P2R Filter Cartridges

Model No. **9360/63**

Lightweight and dermatologically friendly made from soft thermoplastic elastomer. Built-in exhalation vent makes breathing out easy and comfortable without letting harmful materials in. Threaded cartridges makes connecting filters easy and efficient. Adjustable straps in order to optimize comfort and support. Supplied with 2 x ABEK1 P2R filters for protection against organic vapour, inorganic gases, acid gases, ammonia, derivatives and particulate. Maximum user levels 1000ppm or 10 x OEL whichever is lower.

Spare Filter Cartridge (Pack of 2): **9363**

Spare Pre-Filter (Pack of 10): **9364**

G ABEK1 P2R Cartridge - Pack of 2

Model No. **9363**

Filters designed to fit Model No. 9360 series Half Masks. ABEK1 P2R Filters to protect against organic vapour, inorganic gases, acid gases, ammonia and its derivatives and particulate. Maximum user levels 1000 ppm or 10 x OEL whichever is lower. Conforms to EN 143 and EN 14387.

Spare ABEK1 P2R Cartridge for: 9360/63

H Pre-Filters and Holding Ring

Model No. **SEE BELOW**

Pre-filters to fit onto Model No's 9361 and 9363 cartridges. Replacement pre-filter to protect against solid particles. Conforms to EN 143. Replacement ring for Model No's 9361 and 9363. Holds pre-filter in place.

Model No: Spare for:
9364 (Pack of 10): Spare Pre-Filter for 9361 & 9363
9365 (Pack of 2): Spare Holding Ring for 9364

I A1P2R Filter Cartridge Pack of 2

Model No. **9361**

Filters designed to fit Model No. 9360 series Half Masks. A1 P2R Filters to protect against organic vapour and particulate. Maximum user levels 1000 ppm or 10 x OEL whichever is lower. Conforms to EN 143 and EN 14387.

Spare A1P2R Cartridge for: 9360/61

J P3R Filter Cartridge - Pack of 2

Model No. **9362**

Filters designed to fit Model No. 9360 series Half Masks. P3R Filters to protect against particulates. Maximum user levels 30 x OEL. Conforms to EN 143.

Spare P3R Cartridge for: 9360/62

A Disposable Ear Plugs Dispenser
Model No. SEE BELOW

Disposable, single use ear plugs. Supplied in a dispenser with twist mechanism that can be wall mounted or surface standing. Provides comfortable protection from noise. SNR Rating 34dB. Conforms to BS EN 352. For replacement ear plugs order Sealey Model No. 403/250DRE or 403/500DRE.

Model No:	Pack Qty:
403/250D	250 Pairs
403/500D	500 Pairs
Replacement Ear Plugs:	403/250DRE - 250 pairs, 403/500DRE - 500 pairs

F Wireless Electronic Ear Defenders
Model No. 9420

Built-in digital wireless technology including microphone allows you to take hands-free calls or listen to music via your ear defenders. Easy access controls enable you to take calls and adjust the volume level. Includes AUX input to allow connection with non-wireless compatible devices. Fitted with adjustable headband for comfort. Supplied with charging cable and AUX cable. Lightweight, yet rugged construction, certified to BS EN 352-1:2002 standard. Hearing protection level in excess of the standard, with an SNR of 32.1dB.

Battery:	3.7V 0.75Ah Li-ion
Battery Life:	≥8hr
Charging Time:	3.5hr
Transmission Range:	≥10m
Operating Temperature:	0 - 40°C
Storage Temperature:	-20 to +60°C
Storage Humidity:	<30%
Working Humidity:	<80%

B Corded Ear Plugs
Model No. 402/1

Triple flange design manufactured from a soft pliable material providing a comfortable fit. Corded for convenient carrying and helps prevent loss of plugs. Supplied in plastic storage case. SNR Rating: 32dB. Conforms to BS EN 352.

D Disposable Ear Plugs Corded - Pack of 100 Pairs
Model No. 404/100

100 Pairs of individually wrapped, disposable, single use, corded ear plugs. Provides comfortable protection from noise. SNR Rating 34dB. Conforms to BS EN 352.

G Ear Defenders Cat 3 - Standard
Model No. 406

Lightweight yet rugged construction offering protection to BS EN 352.1. SNR Rating 27dB. Adjustable swivel cups for optimum comfort and safety. Fully approved to protect against high noise levels in most working environments.

I Deluxe Ear Defenders - Folding
Model No. SSP19F

Lightweight, yet rugged construction, certified to BS EN 352-1:2002 standard. Hearing protection level in excess of the standard, with an SNR of 32.1dB. Fully adjustable ear cups to ensure a precise seal against the head. Arms fold in for easy storage. Fully approved to protect against high noise levels in most working environments.

C Disposable Ear Plugs
Model No. SEE BELOW

Disposable, single use ear plugs. Provides comfortable protection from noise. SNR Rating 34dB. Conforms to BS EN 352.

Model No:	Pack Qty:
403/10	10 Pairs
403/100	100 Pairs
403/200	200 Pairs

E Clip-On Ear Defenders
Model No. 405

Lightweight with fully adjustable ear cups to ensure a precise seal against the head. Suitable for use on all Worksafe helmets. Conforms to BS EN352-3. SNR Rating 29dB.

H Ear Defenders - Folding
Model No. SSP18F

Lightweight yet rugged construction offering protection to BS EN 352.1. SNR Rating 30.4dB. Adjustable swivel cups for optimum comfort and safety. Arms fold in for easy storage. Fully approved to protect against high noise levels in most working environments.

J Deluxe Clip-On Ear Defenders
Model No. SSP19CO

Lightweight, yet rugged construction, certified to BS EN 352-3:2002 standard. Hearing protection level in excess of the standard, with an SNR of 30dB. Fully adjustable ear cups to ensure a precise seal against the head. Suitable for use on all Worksafe helmets or any helmet with a 30mm fixing point. Fully approved to protect against high noise levels in most working environments.

807XL	X-Large
807XXL	XX-Large

The Health and Safety (Safety Signs & Signals) Regulations 1996 require employers to provide and maintain safety signs where there is significant risk to health and safety that has not been avoided or controlled by other means (e.g. safe systems of work) provided that the use of a sign can help reduce the risk. ISO 7010 was developed to provide consistency in design across the EU. All our signs are manufactured in compliance with BS EN ISO 7010 standards.

The use of symbols and graphical images is a simple safety system used to convey safety messages at a glance. Colours and symbols, appropriately used, provide information and warnings of hazards which are essential to personal safety. Safety signs are categorised by five main sections: Hazard, Mandatory, Safety, Prohibition and Fire Equipment. Available individually or in packs of 10, in a variety of materials.

A Fire Door Keep Shut

A - C Motor Vehicle First Aid Kits - BS 8599-2 Compliant

Model No. [SEE BELOW](#)

These kits have been specifically designed for motor vehicles and are chosen according to the number of passengers being transported. The British Standard specifies a carefully selected content of first aid supplies for each kit. Available in Small, Medium or Large sizes, suitable for a variety of vehicles - please see the table to the right for guidance on which kit you require*.

A list of the full contents is shown at the bottom of the page for each kit.

Vehicle Example	Number of Passengers		Number & Size of First Aid Kit
Mopeds, Motorcycles, & Small Cars.	1 - 2	A	1 x Small
Family Cars, Taxi's, Small Vans, etc.	1 - 8	B	1 x Medium
Minibuses, Small Buses, etc.	1 - 16	C	1 x Large
Buses, Coaches, etc.	16 +	C	Large (multiple needed depending on maximum number of passengers).

*The table is for guidance only. It is the employer's/owner's responsibility to assess the requirements for the motor vehicle/number of passengers and adjust accordingly.

A Small First Aid Kit for Mopeds, Motorcycles and Small Cars - BS 8599-2 Compliant
Model No. [SFA02S](#)

B Medium First Aid Kit for Cars, Taxi's & Small Vans - BS 8599-2 Compliant
Model No. [SFA02](#)

C Large First Aid Kit for Minibuses & Coaches - BS 8599-2 Compliant
Model No. [SFA02L](#)

Component	Description	Quantity		
		A	B	C
First Aid Guidance Leaflet	Provides brief first aid guidelines.	1	1	1
Trauma Dressing - Large	A pressure bandage measuring a minimum of 150 x 4000mm (stretched length) and conforming to BS 7505:1995 type 3B with a wound pressure pad not less than 150 x 180mm, with a low adherent wound contact surface of at least 500gsm.	0	0	1
Trauma Dressing - Medium	A pressure bandage measuring a minimum of 100 x 4000mm (stretched length) and conforming to BS 7505:1995 type 3B with a wound pressure pad not less than 100 x 180mm, with a low adherent wound contact surface of at least 500gsm.	1	1	1
Emergency First Aid Dressing	First aid dressing, conforming bandage measuring a minimum of 50 x 2000mm (stretched length) with an absorbent pad, not less than 120 x 120mm.	0	1	1

Cleansing Wipes (Saline)	Individually wrapped and sterile; minimum size 80 x 80mm.	2	5	20
Water Resistant Plasters	Water resistant, sterile, island dressing design, individually wrapped, minimum surface area of 75 x 75mm, dressing pad not less than 20% of the area.	10	10	20
Nitrile Disposable Gloves (Pair)	Conforms to BS EN 455-1 and BS EN 455-2, large size (8-9).	1	2	4
Resuscitation Face Shield	Includes a one-way valve.	1	1	2
Foil Blanket	1300 x 2100mm.	0	1	3
Adherent Dressing	Non-woven material, sterile, island dressing design. Minimum size 75 x 75mm. Dressing pad no less than 20% of surface area.	0	1	2
Burns Dressing	Water-based, gel-soaked dressing. Sterile with a minimum surface area of 1000 x 1000mm.	1	1	4
Shears	Suitable for cutting clothing, including leather.	1	1	1

A - C Workplace First Aid Kits - BS 8599-1 Compliant
Model No. SEE BELOW

These kits have been specifically designed for the workplace. Unlike traditional kits these are not only chosen by the number of employees/visitors, you will need to take into account the risk factor of the environment they're located in. The British Standard specifies a carefully selected content of first aid supplies for each kit. Available in Small, Medium or Large sizes, all supplied in composite storage cases. Please see the table to the right for guidance on which kit you require*.

A list of the full contents is shown at the bottom of the page for each kit.

Category of Risk	Number of Employees		Number & Size of First Aid Kit
Low Risk e.g. Shops, Offices, Libraries	Less than 25	A	1 Small Kit
	25 - 100	B	1 Medium Kit
	More than 100	C	1 Large Kit per 100 Employees
High Risk e.g. Garages, Workshops, Light Engineering, Food Processing, Warehousing, Construction, Working with Chemicals	Less than 5	A	1 Small Kit
	5 - 25	B	1 Medium Kit
	More than 25	C	1 Large Kit per 25 Employees

*The table is for guidance only. It is the employer's/owner's responsibility to assess the requirements for the category of risk and adjust accordingly.

A Ice Pack
Model No. SSP30

Provides on the spot cold therapy for bruising, sprains and muscle injuries. No need for pre-cooling. Single use, disposable.

Size: 150 x 200mm

B 500ml Eye/Wound Wash Solution
Model No. EWS50

Sterile, single use emergency saline solution for eye washing and wound cleaning. Suitable for garages, workshop and any other environment with potential eye/wound related hazards.

Size: 500ml

C Eye & Wound Wash Station Pods - Pack of 25
Model No. EWS25

Sterile, single use emergency 20ml saline solution for eye washing and wound cleaning. Suitable for garages, workshop and any other environment with potential eye/wound related hazards.

Size: 20ml
Quantity: Pack of 25

D Eye/Wound Wash Station
Model No. EWS02

Includes 20ml saline solution pods (x10) for cleaning eyes and wounds. Features a shatterproof mirror. Suitable for garages, workshop and any other environment with potential eye/wound related hazards.

Contents: 20ml Saline Solution Pods (x10), Sterile Dressing Eye Pads (x2)

E Eye/Wound Wash Station
Model No. EWS03

Comprises sterile eye and wound wash for cleaning and eye pads for dressing. Features a shatterproof mirror. Suitable for garages, workshop and any other environment with potential eye/wound related hazards.

Contents: 500ml Saline Solution Bottles (x2), Sterile Dressing Eye Pads (x2)

F Eye/Wound Wash Station
Model No. EWS01

Comprises sterile eye and wound wash for cleaning and eye pads for dressing. Comprehensive station suitable for garages, workshops and any other environment with potential eye/wound related hazards. Supplied in a robust storage case with carry handle and wall mounting bracket.

Contents: 500ml Eye Wash (x2), 15ml Eye/Wound Wash (x2), Eye Dressings (x2)

Safety Signs

For our full range of Safety Signs, see pages 1256 to 1259.

G First Aid Grab Bag
Model No. SFA03

Contains everything needed for minor first aid injuries. Small and compact design suitable for glove compartments or travelling. Supplied in resealable foil bag.

Contents: Sterile Saline Wipes (x4), Washproof Plasters (x20), Fabric Plasters (x20), 900 x 900 x 1270mm Non-Woven Triangular Bandage, 2.5cm x 5m Microporous Tape, Pair of Gloves, 12 x 12cm Medium Dressing.

H Pack of 100 Assorted Plasters
Model No. SSP100

High quality, lightweight plasters designed to cushion, protect and aid healing wounds. The highly flexible fabric fibre weave ventilates the wound and promotes quick natural healing.

Contents: Assorted Plasters (x100)

A 120ml Burn Relief Gel
Model No. **SBK12**

Made specifically to relieve the pain of minor burns. Effective as soon as applied, by soothing and cooling minor burns and scalds. Ideal for use in the workshop or at home.

Size: 120ml

B 100 x 100mm Burn Relief Dressing
Model No. **SBK10**

Sterile burn dressing to relieve the pain, cool the burn and protect against airborne contamination. Ideal for use in the workplace or at home.

Size: 100 x 100mm

C Smoke Alarm
Model No. **SFAL01**

**5 YEAR
GUARANTEE***

Manufactured according to CE standards. Detachable composite fascia, allowing the user to change the 9V battery (not included) when required.

D - E Sharps Bins
Model No. **SEE BELOW**

Enables the safe storage of sharps waste from all categories prior to disposal. Available in 0.6L and 2.5L containers.

Model No:	Size:
D SSP006	0.6L
E SSP250	2.5L

F Carbon Monoxide Alarm
Model No. **SCMA1**

Certified to BS EN50291-1:2010+A1:2012. Memory feature allows the operator to detect if and when the alarm has sounded while there has been no-one present. Front LED panel indicates low battery and fault. Powered by 3 x AA batteries (not included).

G Fire Extinguisher Stand - Double
Model No. **SFEH02**

Manufactured from durable composite material. Allows extinguishers weighing 6-12kg to be stored without having to drill holes into walls. Suitable for storing two fire extinguishers.

H Fire Extinguisher Cabinet - Single
Model No. **SFEC01**

Manufactured from durable composite material. Specifically designed to store a single fire extinguisher weighing 6-12kg. Ideal for warehouses, distribution yards and garages.

Safety Signs

For our full range of Safety Signs, see pages 1256 to 1259.

A-G Fire Extinguishers

Model No. **SEE BELOW**

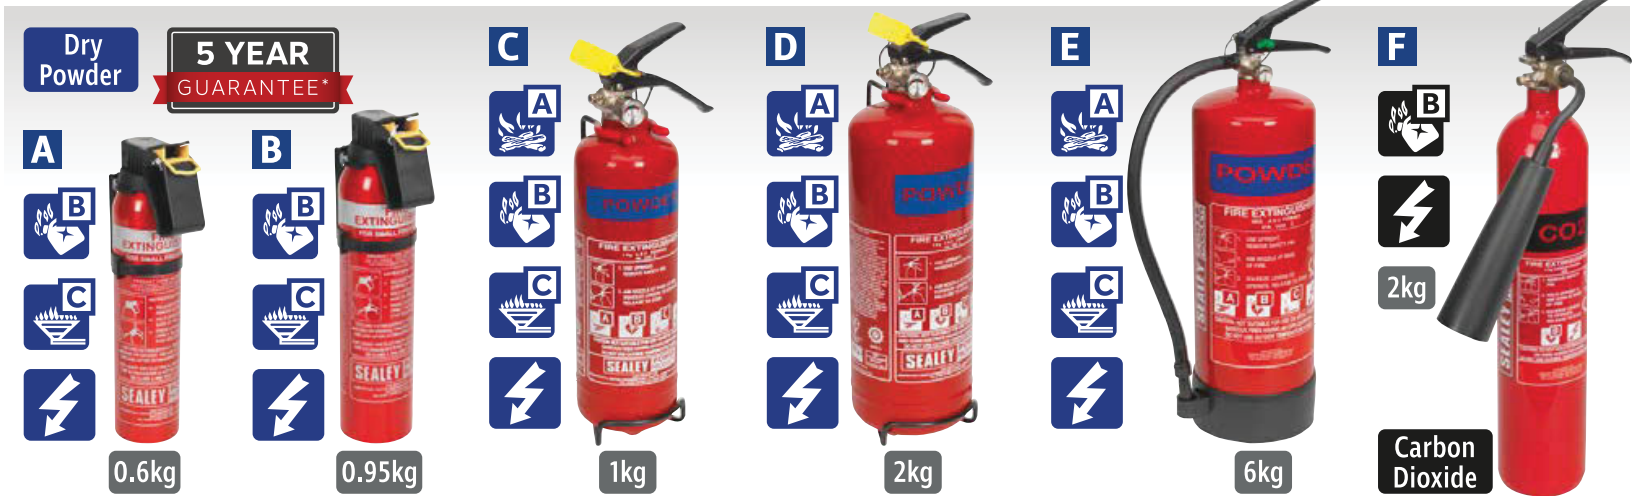

Manufactured in the UK, this comprehensive range of classified fire extinguishers are suitable for domestic, industrial and commercial use. Fully accredited to BS EN 3 and Kite marked. 5 year warranty on all models. Effective on A, B & C Class fires and fires involving live electrical equipment, depending on version. With the exception of Model No's SDPE006D and SDPE009D, each model is refillable and fitted with pressure gauge. All models supplied with wall mounting brackets.

FIRE TEST RATING

Extinguishers are tested on A or B Class fires (both if suitable) to determine the rating. This is shown by a number and letter e.g. 13A. The number represents the size of the fire which was extinguished under test conditions. The letter shows the fire classification that the extinguisher was tested to and is suitable for.

FIRE CLASSIFICATION	FOAM Cream	BC POWDER Blue	ABC POWDER Blue	CARBON DIOXIDE Black
Combustion of solid materials such as wood, paper, textiles	YES Smothering and cooling effect	YES Only on small surface fires	YES Rapid knockdown. Smothering effect prevents re-ignition	YES Only on small surface fires
