Declaration of Patented Design:-

At the outset, we would like to clarify that our product is directly related to Ordinance Factory Board, India's manufactured Infantry Assault Rifle i.e 5.56mm Caliber INSAS Rifle. Further, the dimension of our Racks corresponds directly to the dimensions of the aforementioned Rifles. Further, since we had originally designed & invented these Unique Racks, we had also patented our Racks with Controller of Patents, The Patents Office – Government of India; vide Patent No. 148736/79 & NO. 181583/94. Certain Dimensions & Specifications may not be shared, since they are proprietary in nature.
