## About Us

MJM Prints is a trusted manufacturer and supplier of high-quality printed products, based in Pune, Maharashtra, India. With decades of industry presence, the company has built a strong reputation for reliability, consistency, and customer-focused service. Our long-standing experience enables us to understand diverse printing requirements and deliver results that align with professional and institutional standards across sectors. We specialize in producing a wide variety of customized print solutions designed to meet functional and branding needs. Our product portfolio includes Bifold A4 Mockup, Wristband Single Colour Multicolour, Imtiyaz Hospital IPD File, Malhar Hospital A4 Large File and Malji Clinic A4 Large File. Each product is developed with careful attention to usability, durability, and visual clarity, ensuring dependable performance in daily operations.

Serving hospitals, clinics, and professional establishments, we understand the importance of organized documentation and clear identification materials. Our printing solutions are designed to support efficient record management and professional presentation. By combining practical design with robust production methods, we help clients maintain operational efficiency while enhancing their organizational image. Building long-term partnerships is a core business objective. We work closely with clients to understand specifications, timelines, and usage requirements. Our responsive support and transparent communication ensure a smooth experience from inquiry to delivery. This client-first mindset has helped us earn trust across generations of customers.
