About Us

Indian gooseberry, or amla, is one of the most well-known medicinal herbs and is highly regarded in Ayurveda for its restorative properties. Amla is regarded by Ayurveda as a rasayana, or herb with strong antioxidant qualities. It is beneficial to the health of the liver and helps in digestive processes while reducing inflammation and guarding against the damaging effects of free radicals. Studies in the scientific community have shown that it also lowers cholesterol. Vitamin C, which is abundant in amla, helps to strengthen immunity. It functions to balance the three doshas of Pitta, Vatta, and Kapha, according to Ayurveda. Since the global corona outbreak, consumers have become increasingly drawn to goods that are high in immunity-boosting ingredients. And the finest berry for immunity is Indian gooseberry. Our company, Sharda Enterprises, is one of the leading manufacturers, suppliers, and exporters of premium-quality amla-made products. Our offered range includes Amla Churan, Amla Laddu, Amla Chatpata Candy, Amla Sweet Candy, Amla Barfi, and more.

Our products are stored in a cool, dry place away from direct sunlight in our capacious warehouse area. This helps us manage our inventory and cater to the bulky and urgent requirements of our clients.
