## About Us

The sudden surge in the demand of drugs and medicines has led to the nutraceutical sector scaling new heights. We, Ziexa Healthcare, have recently started our venture to provide the perfect nutraceutical products, Vitamin D3 Oral Solution Sachet, with our expertise and guidance of learned professionals. We are a third party manufacturer providing our services to clients under their own brand name.

We, Ziexa Healthcare, from Delhi, India, are sincerely working to support the healthcare industry and individuals in maintaining good health as well as immunity. We assist many companies as a third party manufacturer by producing and delivering superior quality Nutraceutical Drops, Syrups, Nano Shots, Sachets, Protein Powders, Capsules, Tablets, Dry Syrups and many other products. Our experts utilize their detailed knowledge about several health benefiting pharma ingredients to source the best raw inputs and further use them for processing our products. As our products are used for health problems & betterment, we make sure to serve them in superior quality. So, apart from controlling production stages and conducting quality tests, we ensure they are perfectly packed. We pack our offerings in the best material and ensure to seal them, for getting assured about safety during storage as well as transits. Further, our focus on taking feedback is making us step up on the success ladder of the competitive pharma industry.
