In a short time duration, we have earned a reliable reputation in the domestic market and become a trustworthy manufacturer and supplier of pharmaceutical chemicals. Using the high-grade substances, we formulate our range of L-Arginine Powder, Acid Anhydrous, Coenzyme Powder, Jayraj Sodium Benzoate Powder, Ceto Steryl Alcohol, Alpha Lipoic Acid, etc. In the supervision of our experienced chemical engineers, our chemicals are processed in adherence with the global standards.

The infrastructure where we develop the industrial chemicals are equipped with ultra-modern amenities like latest technologies and hi-tech machinery. With the efficient utilization of the available resources, we are running the business operations in a hassle free manner. The policies implemented by the management are strictly followed by the team members at all the stages of the operations. They ensure that the daily activities are executed as per the rules & regulations of the company. Moreover, we are a responsible organization which totally understands its responsibilities towards the clients, employees and society.
