About Us

Prefabricated structures are essential to satiate construction requirements in a short time-limit. The sharp increase in prefab construction has been driving the market in an excellent manner. To meet accelerating demand of prefab construction in the modern world, we, Vatsgroup India Private Limited, have ventured into this field as a manufacturer and exporter. For construction, maintenance, interior design and renovation, people are now preferring prefab construction. The inclination towards prefab construction has grown with passage of time because of sustainable materials, ease in maintenance, hassle-free installation and customization.

The rising demand has positively impacted modular and prefab market and thus has enabled us to conduct our business more efficiently in meeting customers needs. We are one of the experts in the industry that solve requests for high-quality Portable Toilet Cabins, Prefabricated Site offices, Prefabricated Canteens and more. Our company has maintained a compelling record of satisfying customers in the first attempt during business deals. We are certified company that has maintained its USP like high manufacturing capacity, meticulous planning and smart designing and execution. Our plant is based in Yamuna Expressway in Noida, near Noida International Airport and thereby is spanning across 1000 square meter area. We have installed our plant with requisite machines and equipment that helps us to provide incredible design of prefab solutions in the market.
