About Us

Established in 2010, Ashrafia Tea Centre has earned a reputable standing as a distinguished manufacturer and supplier specializing in high-quality tea products. With a focus on providing premium blends, we procure tea directly from gardens, meticulously selecting the finest leaves. These are then expertly packaged under our own brands, Ashrafia Tea and Sisu Tea, ensuring freshness and authenticity with every cup. Known for its robust flavor and quick brew, our CTC (Crush, Tear, Curl) tea is favored for its strong, full-bodied taste.

Quality is the cornerstone of our operations at Ashrafia Tea Centre. We maintain stringent standards throughout the procurement, processing, and packaging stages to ensure that only the finest tea reaches our customers. By sourcing directly from gardens known for their superior quality leaves, we uphold our commitment to delivering a premium tea experience.
