About Us

After performing a comprehensive analysis of the market for various electrical products, we at Influx Electric Co., chose to assist the industry by providing our highly efficient solutions. Since the year 2019, we have offered the widest selection of electrical goods as a manufacturer, supplier and trader. We have quickly expanded among a number of significant clients in the electrical industry due to the fact that we consistently maintain the highest quality standards when manufacturing our products, such as Illuminated Actuator Push Button, High Quality Nylon Cable Tie, PVC Snapon Sleeve Hood, Led Indicator Lamp, etc. Apart from providing high-quality products to customers, we also operate as a service provider and offer top-notch services, such as Cable Laying Service, Electrical Installation Service, etc.

Customers usually assess the quality of an electrical product manufacturing company before doing business with them. Fortunately, our company, Influx Electric Co., places a high emphasis on upholding high quality standards across all of our procedures, which is evident in our excellent product range. Each and every one of the products we offer, such as Emergency Stop Push Button, Pg 9 Conduit Gland, Red Push Button, Pg 11 Cable Gland, etc., undergoes a stringent testing procedure to guarantee that it meets the highest quality standards. In our facility, which is situated in the city of Vadodara, Gujarat, India, we precisely manufacture all our electrical products and deliver them to our respective customers on time.
