About Us

With a foundation firmly built around pleasing customers from across major sectors like pharmaceutical, water treatment, oil, gas, mining, etc., we, Shyam Enterprise, take small as well as large scale orders for many Liquid and Powder Chemicals, along with a host of other products. Our comprehensive assortment is responsibly made by our manufacturing associates who are known for prioritizing product safety and efficiency in all aspects of their production operations. Our Indian and foreign partners are the ones who help us make a difference to how we scale benchmarks in our field and maintain our status as a leading importer, trader and exporter of products like Sodium Sulphate Powder, Liquid Nitric Acid, Liquid Monoethylene Glycol, Technical Grade Urea and Copper Sulphate Crystal.

Good networking with trusted vendors is essential for a trading company. At Shyam Enterprise, our success in the trade business is due to our way of working in close liaison with industry leading providers of Activated Calcium Carbonate Powder, White Bleaching Powder, Potassium Chloride Powder, 85% Liquid Phosphoric Acid, Liquid Monoethylene Glycol, etc. Our sustained focus is also on leveraging these relations to deliver low cost and highly efficient products to our own customers. Today, we have many clients from key sectors who rely on our Anand, Gujarat, India based firm to buy aforesaid products exceeding their expectations.
