## About Us

Aristo Brass Components is a manufacturer and supplier of precision components made of brass, stainless steel, aluminum, copper, and bronze. The company partners with leading engineering companies worldwide to help customers use electrical power efficiently, increase industrial productivity, and reduce environmental impact sustainably. Established in 2007, Aristo Brass Components has focused on producing engineering components that include turning, milling, and precision manufacturing of brass material components based on CAD drawings and designs. The company has a team of over 100 skilled professionals who maintain an optimal balance between technology and material needs.

Aristo Brass Components is an ISO 9001 certified company with a strong emphasis on quality management systems, complying with international standards of quality control. The company is a 100% export company, exporting its products to countries such as the USA, Germany, Italy, France, Netherlands, Brazil, Russia, and the Middle East. The company's vision is to "Move Ahead and Stay Ahead," while its mission is to "Save customer's capital cost coupled with increase in our efficiency and output." Innovation and customer satisfaction are at the core of everything Aristo Brass Components does, with the goal of becoming the global leader in all markets in which it operates.

When the customers require high-quality parts, their requirements are always fulfilled at Aristo Brass Component. We manufacture great products for our clients with our well-established process control techniques and equipment. Our quality inspectors test the products to endure they will perform better with each task. We also specialize in tooling and prototyping for quick turnaround time. Our experts ensure that our products meet industry quality standards and reach to the customers timely. We are working with many customers in India for years. Besides, we understand logistics and shipping that enable us to deliver our products to the doors of our customers.

## Key Facts

<b>Nature of Business</b>	Manufacturer
<b>Primary Competitive Advantages</b>	brass gas fittings,brass automobile parts,nickel plated brass cable gland,precision brass turned components,
<b>No of Staff</b>	25
<b>Year of Establishment</b>	2007
<b>OEM Service Provided</b>	No
<b>Monthly Production Capacity</b>	5 ton
<b>ProductRange</b>	brass gas fittings,brass automobile parts,nickel plated brass cable gland,precision brass turned components,

## Our Products

**Brass CNC Turned Components**

**Brass Fittings**

**Brass Electrical Components**

**Ip 68 Brass Cable Gland**

**Brass Automotive Components**

**Casting Products**

**A2FCNF Cable Gland**

**A2FPF Single Compression Cable**

**E1FW Double Compression Cable**

**A2FPM Single Compression Cable**

**Brass Precision Components**

**E1FPM Double Compression Cable**

**E1W Double Compression Cable**

**E1FX Double Compression Cable**

**Brass Fire Prevention Components**

**Hardware And Fittings**
