& Gear Components**

About Us

Established in the year 2003, we, “**Zango Super Steering Co.**”, are one of the recognized firms engaged in manufacturing, exporting, trading and supplying a wide range of **Automobile Steering Components**. We are currently active in the Indian sub continent as well as the US and European markets.

We manufacture a wide array of products like Steering Gear Box Assemblies, Steering Wheels, Steering Arms, Steering Worms, Shaft, Crosses, etc.

Our organization has developed a sound and sophisticated infrastructure, which is spread over a wide area in **Faridabad, Haryana**. We have segregated our infrastructure into various departments that help in managing our activities in a streamlined manner. Moreover, all our departments are installed with advanced machines and tools that are upgraded on a regular basis. One of the major strength of our infrastructure is our quality control unit, which helps us in delivering a quality assured range of products to our clients.

To support our production activities, we are backed by a world class infrastructure. Well equipped with all the requisite machines and facilities, our infrastructure is one among industry leading infrastructures. Our team of expert professionals is another strength of ours. Ethical business practices and complete transparency in business dealings is embibed in our company policy.

Quality Assurance

We aim at offering a quality assured range of Automobile Steering Components to our respected customers. For this, we manufacture our range using high-grade raw material and advanced technology. The raw material used is procured from the reliable vendors of the market. Additionally, we have maintained a well-equipped quality control unit, which is managed by its team of professionals. Our quality controllers keep an eye on the entire production process and check the manufactured products on various well-defined parameters.

Product Range

Zango is catering to the aftermarket needs of both the Commercial vehicle and the Tractor segments. Below are the type of products that we manufacture :-
