About Us

We at Synergy Powertronics are more than just a company; we are dependable allies offering effective and dependable electrical solutions. We are known in the market as a leading manufacturer, supplier, and trader of Industrial Ring Main Unit, Industrial Compact Secondary Substation, Vacuum Circuit Breaker Panel, Schneider Ring Main Unit, Siemens DAS Ring Main Unit, and more. Premium materials sourced from reputable suppliers are used in the production of these goods. The goods we offer can be tailored to meet the specifications that our clients supply. We make sure that the exceptional quality of our products is matched by their extreme affordability for our customers.

Our dedication goes beyond a simple transaction; it includes fostering enduring bonds based on mutual achievement, trust, and excellence. Looking ahead, we continue to be unwavering in our quest of excellence, seeking to constantly improve our services, broaden our perspectives, and establish new standards within the sector. The supply chain network of a trade business is its most fundamental component. Customer satisfaction is largely contingent upon how well the supply chain network functions. Since we are a trading company, we are aware of this and go above and beyond to establish friendly relationships with a variety of business partners, including suppliers, clients, and more, in order to optimize the efficiency of our supply chain network. We further enhance our analytical capacities in order to attain the intended outcomes. Thus, it would not be incorrect to argue that one of our most valuable assets and the reason we are able to operate our firm effectively is our supply chain network.

Key Facts

Nature of Business	Wholesaler
Primary Competitive Advantages	vcb panel board,outdoor vcb panel,indoor vcb panels,vcb panel,schneider ring main unit,abb ring main unit,33 KV Ring Main Unit,11 KV Ring Main Unit,Lucy Ring Main Unit,ring main unit
No of Staff	20
Year of Establishment	2015
OEM Service Provided	No
Memberships	IEC
ProductRange	vcb panel board,outdoor vcb panel,indoor vcb panels,vcb panel,schneider ring main unit,abb ring main unit,33 KV Ring Main Unit,11 KV Ring Main Unit,Lucy Ring Main Unit,ring main unit
