About Us

Discover high-quality electrical testing equipment designed to meet the precise demands of modern industries. Pram Electech is a trusted manufacturer, supplier, trader, service provider, and exporter of a wide range of testing solutions. With products like Transformer Ratio Meter, Oil Insulation Tester, MS Dimmer Testing Panel, Semi Automatic Oil Breakdown Voltage Test Set, Motor Testing Panel and many more, we are committed to supporting industries with accurate and dependable equipment to maintain quality and safety standards.

We understand that industries require specialized testing solutions to ensure equipment efficiency and safety. Our broad selection of products serves a variety of testing needs, from transformer ratio assessments to oil insulation integrity checks. We pride ourselves on providing equipment that not only meets industry standards but also enhances operational accuracy and performance. By continually advancing our product range, we remain a reliable partner in electrical testing solutions for clients worldwide.
