About Us

P.B. International, based in Delhi, India, is a renowned manufacturer offering a wide and versatile range of high-quality products designed to cater to the evolving needs of various industries. With a strong presence in the manufacturing sector, we take pride in delivering products that meet stringent quality standards, ensuring durability, efficiency, and value for our customers. Our collection includes Mild Steel Dismantle Expansion, SSEW Round Dismantling Joint, Hdpe Butweld Bend, Hdpe Electrofusion Reducer, etc.

Since our establishment, we have built our reputation on the pillars of ethical business practices, customer-centric operations, and continuous innovation. We believe that long-term success comes from honesty, transparency, and consistently exceeding customer expectations. Our dedicated team of professionals works tirelessly to uphold these values at every stage of our operations.

Our robust production facilities, equipped with modern machinery and technology, enable us to maintain consistency in output while meeting large-scale demands. This infrastructure, combined with efficient management, allows us to handle bulk orders without compromising on timelines or quality.
