

Hydrochloric Acid AR

Making clients have their money invested at right place!

(mono) Chloroacetic Acid (500 Gm), 1 to 14 Ph Paper, 1- 10-Phenanthroline, 2-4-Dinitrophenyl Hydrazine Ar (100 Gm), 2-Thenoyltrifluoroacetone 99% Ar (100 Gm), Acetanilide 98.5% Extra Pure (500 MI), Acetic Acid Glacial 99.8% for Hplc 2.5 Ltr, Acetic Acid Glacial Lr 99.7% (1 Lit), Acetonitrile for Hplc (2.5 Ltr), Acetonitrile Lr (1 Ltr), Acetyl Acetone 99.5% Ar (2.5 Lit), Acrylic Acid 99% (for Synthesis) (500 MI), Aluminium Ammonium Sulphate Dodecahydrate Lr (500 Gm), Aluminium Hydroxide, Etc.

SODIUM CHLORIDE AR

BARIUM ACETATE LR (500 GM)

ISOPROPYL ALCOHOL (500 ML)

About Us

To supply an incredibly efficient variety of chemical-based products as a manufacturer, trader, retailer, wholesaler, we, Cynor Laboratories, entered the market. Since the establishment of our company in the most recent year of 2021, we have been serving a diverse array of chemical products at affordable rates Such as AR Grade Sulphuric Acid, Electrolytic Iron Metal Powder, Red Litmus Indicator Paper, Hydrochloric Acid AR, Potassium Iodide Powder, Fine Copper Powder, etc. We make certain that our manufactured product range is tested in conformity with the top quality norms and packaged in good quality of material. In addition to presenting high quality products to our customers, we ensure that our business dealings with them are morally correct. Due to our efforts to bring the best quality products, we are famous as a leading manufacturer of water test kits and laboratory chemicals.

The extraordinary growth of our company, Cynor Laboratories is due to our quality-focused operations, which can also be seen in our outstanding range of chemical-related products. We are able to develop a high-quality product selection which includes L-Ascorbic Acid Powder, Blue Litmus Indicator Paper, Nitric Acid Solution, Laboratory Silver Nitrate, Metal Bronze Powder, Sulphuric Acid AR, etc., with use of finest raw materials. We have a well-integrated facility situated in the city of Surat, Gujarat, India, in which we develop the products and further analyze them to determine whether they adhere to specified quality standards. In addition, we ensure that the manufactured products are properly packaged and delivered to the appropriate clients as quickly as possible.

Key Facts

Nature of Business	Manufacturer
Primary Competitive Advantages	laboratry chemical,water test kit,laboratory chemicals
No of Staff	5
Year of Establishment	2021
OEM Service Provided	No
ProductRange	laboratry chemical,water test kit,laboratory chemicals

Our Products

**AMMONIUM
PHOSPHATE LR (500**

**BENEDICT'S REAGENT
(Quantitative) (500**

**N N Dimethylaniline
(500ml)**

**Ammonium
Dichromate**

**BENZOIC ACID AR (500
GM)**

**CADMIUM SULPHATE AR
(500 GM)**

Orthophosphoric Acid

Potassium Persulfate

MICRO PIPETTE

**Diethyl Ether AR (500
ML)**

**A-Naphthol Extra Pure
(100 Gm)**

**N-Nitrosodiethylamine
(NDEA)**

**Chromium Metal
Powder (100gm 500**

**2-4-DINITROPHENYL
HYDRAZINE AR (100**

**Ammonium Molybdate
Tetrahydrate (500 Gm)**

**ZIRCONIUM
OXYCHLORIDE**

ADDRESS

**Plot No. 1411, Shop No. S-17,
Second Floor, Global Trade
Centre, Mega Chowkdi
Ankleshwar, Gujarat, India
(393002).**
