About Us

We at **Dolfin Projects** have grown to become a resourceful & trusted hand for the customers across India who require various chemicals, mixtures and other items on regular basis. Under the progressive leadership of **Mr. Rohit**, we are performing as a **trader, wholesaler** and **service provider**. Our sole purpose is to reach out & serve all required industries and individuals nationwide that seek for availing A-one quality of products at reasonable prices. The product line which we are bringing for them encompasses **Industrial Waterproofing Chemical, Chryso Optima Plasticizing Admixture, Latex Bonding Aid, Water Repellent, Epoxy Bonding Agent** and many more.

For the customers who require **Grouting Services, Epoxy Flooring Services and Concrete Repair Work Services**, we have the most reliable professionals who complete the job with absolute perfection and efficiency. We have trained the individuals for rendering the services in a customer-friendly manner. They make sure that every requirement placed by the customers is completed without any compromise in the process. Besides this, their strong teamwork enables them to complete all jobs efficiently & effectively.

Our keen focus towards customers satisfaction and retention from day one has taken us long way in the industry. In our journey of past decade, we have built a vast clientele which appreciates and vouches for our brilliant quality of work. We continuously work in the direction of strengthening our business relations with every single client.

Our Vendors

The core strength of our company is our respectful vendors. We are procuring all the items from the most recognized and quality conscious manufacturers in the industry. They also adhere to latest international norms, regulations and policies for the production & quality assurance of products.

Market Presence

Our strong market presence in the local as well as domestic areas is the result of our consistency, fluency and progressiveness in work. By getting associated with new clients, our grip in the marketplace has become tighter. And, our reach has expanded in every corner of the country due to which, our products including **Epoxy Bonding Agent, Water Repellent, Latex Bonding Aid, Chryso Optima Plasticizing Admixture** and others have become more easily accessible.
