BUILDING YOUR LIFESTYLE

Company Snapshot

Incense Interior Exterior Pvt. Ltd., an ISO-9001 certified company, is one of the leading boutique home construction and Interiors company that provides integrated solutions with high quality interior designs, technology and transparent working system from past 15 years.

We are a strong team of innovators, conceptualizers, interior designers, architects, technologists and project consultants, who work together to create high end & unique projects.

We specialize in boutique construction services—tailor-made civil and architectural solutions that combine aesthetic precision with structural integrity. Our boutique construction approach focuses on personalized project management, attention to detail, and curated material selection, resulting in spaces that are not just built, but thoughtfully crafted. From luxury homes to niche commercial establishments, we bring a designer's eye and a builder's precision to every square foot we create.

At Incense, we don't just design interiors—we build complete environments that inspire, function beautifully, and endure with elegance.

Sudhir K. Dubey
STUDIO HEAD/ DIRECTOR

Our Vision

We aspire to become a name that evokes trust and pride — a brand that turns empty spaces into living dreams. Every wall, every corner, and every design should reflect your story. Our goal is to create homes and workplaces that inspire you, every single day.

Our Mission

Our mission is to design and deliver dream homes tailored to each individual's vision and budget. We blend creativity, functionality, and affordability to turn ideas into inspiring, livable spaces- because everyone deserves a home that feels like a dream come true.

How Dreams Become Spaces

At **Incense Interior Exterior**, every project starts with **you** — your dreams, your lifestyle, your emotions.

We listen deeply, because great design isn't just about space — it's about soul.

Once your vision is clear, our expert team brings it to life with thoughtful concepts, realistic 3D views, and handpicked materials — all selected with intention and care.

From there, we take full ownership — from the first nail to the final polish.

You stay stress-free while we manage execution end-to-end with **honesty, quality, style and dedication**.

Our Service Portfolio

PMC (Project Management Consultancy)

End-to-end supervision and quality control to ensure timely, cost-efficient, and flawless execution of projects.

Turnkey Interior & Construction Projects

From concept to handover, we handle design, materials, and execution with full accountability and zero hassle for clients.

2D Layouts & Working Drawings

Precise architectural and technical 2D drawings for planning, approval, and site execution.

3D Views & Elevation Designs

Realistic 3D visuals that bring design concepts to life before execution begins.

Project Management Consultancy

Client Briefing & Site Measurement

We begin by understanding the client's requirements and taking accurate on-site measurements.

2D Layout Planning

Detailed floor plans are created to define spatial arrangement, furniture layout, circulation paths, and zoning.

3D Visualization

These 2D layouts are transformed into photorealistic 3D renders that help clients visualize the final outcome, including lighting, materials, textures, and decor.

Client Review & Revisions

Designs are shared with the client for feedback and refined based on their preferences and functional needs.

Technical Drawings & Working Details

Once approved, working drawings (electrical, plumbing, false ceiling, carpentry) are developed to guide on-site execution.

On-Site Supervision Begins

Dedicated project supervisors monitor execution daily, ensuring alignment with design, material specifications, and timelines.

Design Documentation and Site Supervision Workflow

Our Core Strengths

In-house Design + Build

We manage everything from concept to completion under one roof for better control and quality.

Timely Project Delivery

Strict timelines and dedicated site teams ensure every project is delivered on or before schedule.

Expert Team of Architects, Interior Designers, Engineers, & Project Managers

A skilled and experienced team ensures smart planning, technical accuracy, and flawless execution.

Cost Transparency

Clear and itemized cost breakdowns with no hidden charges at any stage.

One-Stop Turnkey Execution

Design, material, and execution — all handled by us to save you time and coordination hassle.
