About Us

Wissen Techus Private Limited takes pride in contributing to educational and scientific instruments that function on an international scale, taking into account the specific training programs and cultural contexts of various countries. Our educational science park equipment enhances educational standards through environmentally friendly, advanced outdoor installations, including parks dedicated to Science, Mathematics, Geology, and Biology. We cater to educational needs from the pre-primary level to Senior Secondary Stage, allowing for a practical school experience alongside recreational activities. The ISO 9001:2015 Quality System Certificate further underscores the commitment of our company to quality, focusing on delivering high-standard equipment, comprehensive training, and reliable after-sales service. We are a leading manufacturer and supplier of Kids School Senior Pythagoras Theorem, Kids School Circular Geoboard, Kids School Math Kit, Outdoor Science Park Equipment, Science Park Gadgets, and more.

The laboratories and training equipment we propose are designed to offer exceptional modern, high-tech features for educational and professional courses in schools, institutes, and universities. Our primary focus is on ensuring that our products are user-friendly and robust enough to endure the rigors of continuous use by curious students. Each unit undergoes individual testing by professional technicians before being dispatched to locations around the globe.
