About Us

We at **M/s Bhoo Harbel Ind.** have grown to become a figure of trust, professionalism and convenience in the healthcare sector through our excellent quality of work. Our visionary mentor, **Mr. Pradeep Chand Jain** has been guiding us and showing us a path towards growth based on his valuable work experience in the domain. After initiating our journey in year **2000** as a **manufacturer, exporter** and **service provider**, we have been responsibly fulfilling the rising demands of Ayurvedic clinics, chemist shops, distributors and many other individuals across the world for premium quality of **Herbal Churn**.

Our offered products are reliable for providing Herbal Treatment regarding health problems related to heart, artillery, blood, arthritis, liver and more. We always keep a stock of quality approved and well packed products stored at our premises to serve the customers conveniently in the times of need. All the steps taken from our end during the execution of business deals are meant to achieve complete satisfaction of our customers. Moreover, our ethical, customer centric and progressive strategies for work are helping us in maintaining our strong presence in the market.

Advantageous Facilities

Our sound and sophisticated facilities give us a competitive edge in the respective marketplace. At our premises, we have equipment, tools and other resources that are vital for consistent development of Herbal Churn. The entire place is maintained in a well organized and well arranged manner to handle various organizational processes like raw material selection, processing, packaging, storage and others in a systematic way.

It gives us potential to keep top notch quality control in the overall production procedures. While dealing in medicinal products, it becomes a priority for us to maintain cleanliness and hygiene at our firm without any compromise. With this and our qualitative & safe packaging, we keep the quality of our products above the regular standards, regulations and norms.
