UPCOMET TECHNOLOGIES PVT. LTD.

Industrial Automation, Drives & Control Solutions

Engineering

Automating

Optimizing

ABOUT US OUR WORK

We are a trusted **industrial automation** and control solutions provider, committed to delivering innovative, reliable and cost-effective solutions that help industries achieve higher productivity, efficiency and safety.

**Customer
Focused**

**Quality
Driven**

**Timely
Delivery**

**Long-Term
Partnership**

Your Automation Partner for a Better Tomorrow

CORE EXPERTISE

PLC, HMI & SCADA Programming

AC / DC Drives & VFD Solutions

MCC & Control Panel Engineering

System Retrofit & Modernization

Industrial Networking & Communication

Instrumentation & Process Control

Troubleshooting & Breakdown Support

Site Commissioning & Maintenance

Documentation, Drawings & Backup Management

PLC & HMI PROGRAMMING

We provide programming, configuration and integration services for a wide range of PLC and HMI platforms with experienced in Rockwell-based systems.

- ControlLogix
- CompactLogix
- MicroLogix
- SLC 500
- PanelView HMIs
- FactoryTalk View SE / ME
- RLogix 500 / 5000
- Studio 5000

Programming

Configuration

Integration

Testing

Support

INDUSTRIAL DRIVES & VFD SOLUTIONS

We work with a wide range of AC & BC drives from multiple leading brands and provide complete drive engineering and support.

- Drive Selection & Sizing
- Panel Design & Integration
- Programming & Configuration
- Commissioning & Tuning
- Application Support
- Troubleshooting & Repair Support

EXPERIENCE WITH MULTIPLE MAKES

ABB	Rockwell Automation	Fuji Electric	LS
Siemens	Mitsubishi Electric	GE	Emerson
Schneider Electric	Delta	WEG	Honeywell
Danfoss	Hitachi		And many others...

MCC & CONTROL PANEL ENGINEERING

We design and build reliable Motor Control Centers and Control Panels tailored to your application.

- MCC Design & Manufacturing
- Power & Control Wiring
- PLC/Drive Integration
- Layout Optimization
- Quality Testing
- On-site Erection & Commissioning

Design

Build

Test

Deliver

Support

RETROFIT & MODERNIZATION

Extend the life of your existing systems with our retrofit and modernization services.

- Obsolete System Replacement
- PLC / HMI Upgrade
- Drive Upgrade
- Control Panel Retrofitting
- Improved Performance & Reliability

BEFORE

AFTER

INDUSTRIAL NETWORKING & COMMUNICATION

We design and implement robust industrial communication networks for reliable data flow and system integration.

- EtherNet/IP
- DeviceNet
- ControlNet
- Modbus TCP / RTU
- Profibus DP
- Industrial Ethernet Solutions

TROUBLESHOOTING & BREAKDOWN SUPPORT

Quick response and accurate troubleshooting to minimize downtime and keep your operations running.

- Fault Diagnosis
- Root Cause Analysis
- On-site / Remote Support
- Drive & PLC Faults
- Process & Control Issues
- Emergency Support

SITE COMMISSIONING & MAINTENANCE

Professional commissioning and maintenance services to ensure reliability and long-term performance.

- System Commissioning
- Loop & I/O Check
- Drive & Motor Commissioning
- Performance Optimization
- Preventive Maintenance
- AMC Support

DOCUMENTATION & DRAWINGS

We create and maintain accurate documentation for your systems.

- Electrical Drawings (AutoCAD)
- Panel GA & Wiring Diagrams
- PLC / HMI Backups
- IO List & Cable Schedules
- System Manuals

INDUSTRIES WE SERVE

WHY CHOOSE US?

- ✓ Experienced team with practical industrial knowledge
- ✓ Focus on quality, safety and reliability
- ✓ End-to-end solutions from design to support
- ✓ Cost-effective and value-driven approach
- ✓ Timely execution and responsive support
- ✓ Long-term partnership with our customers

OUR PROJECT EXECUTION PROCESS

AUTOMATE + OPTIMIZE + EMPOWER

FOCUS**

ABOUT US

UPCOMET TECHNOLOGIES PRIVATE LIMITED is a technology driven company providing Industrial Automation and Drive Solutions for a wide range of industries. We specialize in PLC, HMI, SCADA, Drives, Control Panels and system integration with focus on quality, reliability and customer satisfaction.

OUR EXPERTISE

PLC & AUTOMATION

Design, programming, testing and commissioning of Rockwell Automation based systems.

HMI & SCADA

Operator interface development and supervisory control & data acquisition systems.

DRIVE SOLUTIONS (ALL MAKES)

Supply, installation, programming, testing and commissioning of AC Drives / VFDs.

CONTROL PANELS

Design & manufacturing of PLC, MCC, PCC, AC Drive panels and customized solutions.

RETROFIT & UPGRADEATION

System retrofit, migration and performance improvement for existing plants.

COMMISSIONING & SUPPORT

On-site commissioning, troubleshooting and after sales support.

INDUSTRIES WE SERVE

CEMENT

STEEL

POWER

CHEMICAL

**WATER
TREATMENT**

PHARMA

**FOOD &
BEVERAGE**

AUTOMOTIVE

& MANY MORE

ROCKWELL AUTOMATION BASED SOLUTIONS

**Rockwell
Automation**

We work with Rockwell Automation platforms to deliver robust, scalable and future-ready solutions.

ControlLogix

CompactLogix

PanelView Plus

- PLC Programming (Ladder / FBD / ST)
- HMI Development
- SCADA Integration
- Networking (EtherNet/IP, ControlNet, Modbus, etc.)
- System Integration & Commissioning

DRIVE SOLUTIONS - ALL MAKES

We work with a wide range of AC Drives / VFDs from leading global brands.

... and many more

OUR SERVICES

- PLC, HMI, SCADA Programming
- AC Drive / VFD Programming & Support
- Control Panel Design & Manufacturing
- System Integration
- Retrofit, Upgradation & Modernization
- On-site Commissioning
- Annual Maintenance Support
- Breakdown Support

WHY CHOOSE US?

- Solution Focused Approach
- Quality & Reliability
- Experienced & Skilled Team
- Timely Delivery
- Responsive Support

AUTOMATE • OPTIMIZE • ELEVATE

AC DRIVES (VFD)

VFDs BY BRANDS

We offer a wide range of AC Drives (VFD) from leading global brands to meet diverse industrial applications and requirements.

Rockwell Automation
PowerFlex Series

ABB
ACS Series

Siemens
SINAMICS Series

Schneider Electric
Altivar Series

Danfoss
VLT® Drives

Yaskawa
A1000 Series

Delta
C2000 Series

Mitsubishi Electric
FR-A800 Series

S100 Series

INVT
Goodrive Series

Fuji Electric
FRENIC Series

Hitachi
SJ700 Series

Toshiba
VF-ASS Series

Omron
MX2 Series

WEG
CFW Series

Emerson
Unidrive Series

INDUSTRIAL AUTOMATION SOFTWARE SOLUTIONS

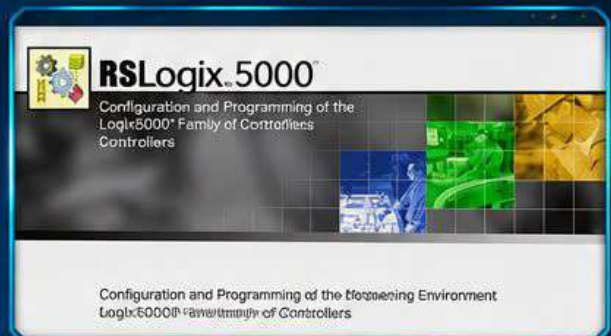

Smarter Control | Greater Efficiency | Sustainable Future

RSLogix 5000

Configuration and Programming of the Logix5000® Family of Controllers

- ✓ Controller Configuration & Programming
- ✓ Tag Management
- ✓ Device & Module Configuration
- ✓ Diagnostics & Troubleshooting

Studio 5000

Integrated Engineering Environment for the Connected Enterprise

- ✓ Create, Open & Manage Projects
- ✓ Integrated with Logix, HMI, Safety & Motion
- ✓ Simplified Development & Configuration
- ✓ Better Productivity & Collaboration

FactoryTalk® View Studio

HMI / SCADA for Industrial Applications

- ✓ Design & develop HMI applications
- ✓ Real-time monitoring & control
- ✓ Alarms, trends & reports
- ✓ Flexible and scalable architecture

Visualize

Monitor

Control

Report

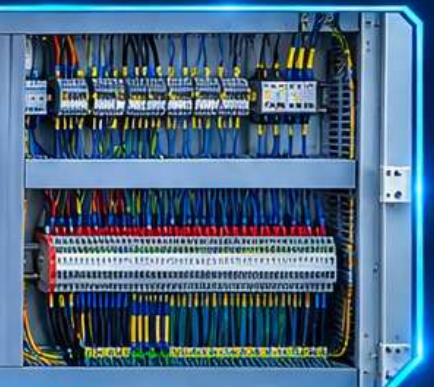

RSLogix 500™

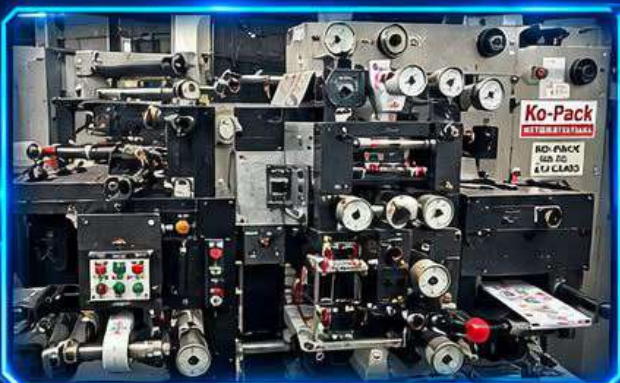

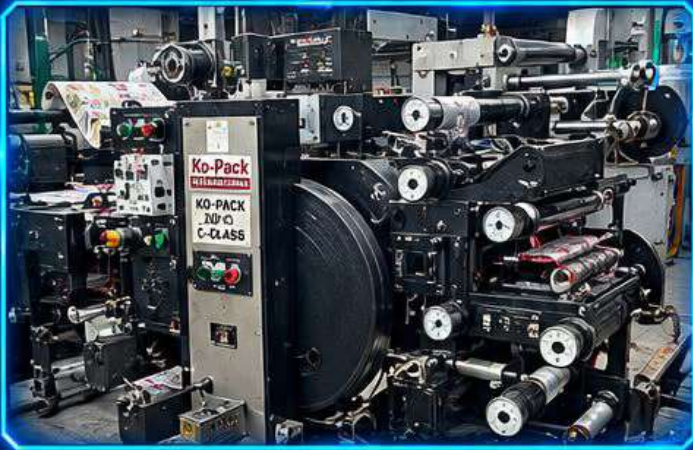

Programming for the SLC500 Family and MicroLogix Controllers

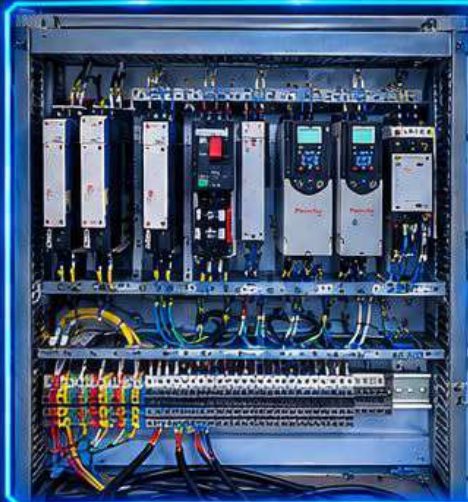

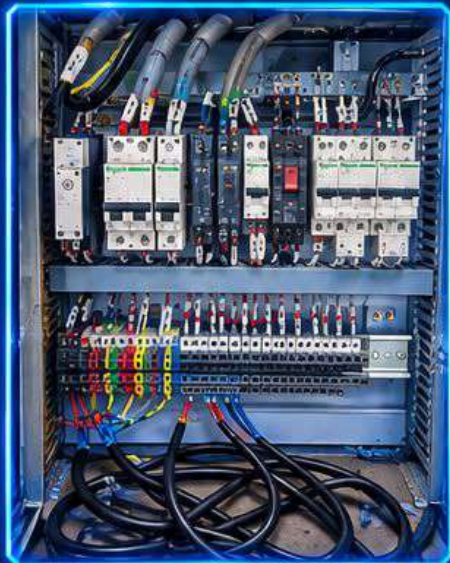

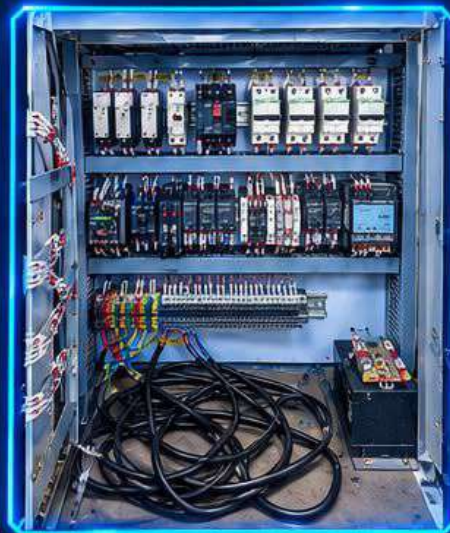

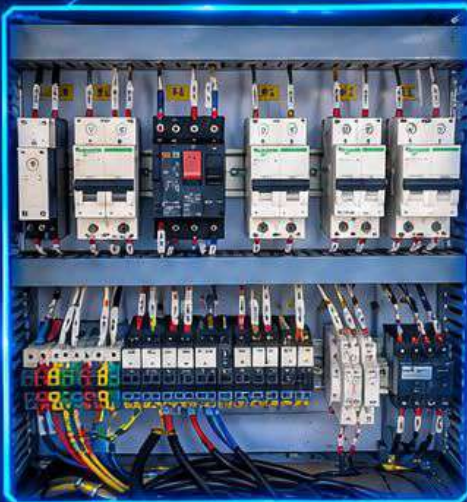

- ✓ Ladder logic programming
- ✓ Configuration & troubleshooting
- ✓ Simple and reliable
- ✓ Ideal for small to mid-size applications

AUTOMATE • OPTIMIZE • ELEVATE
