# ABOUT US

# RUDRA FASTENERS

Founded in the year **2025**, at **Ahmedabad, Gujarat, India**.

**Rudra Fasteners** was established with a clear vision to deliver precision-engineered fastening solutions to the Indian and global markets. Since its inception, the company has been engaged in the manufacturing, supplying, and exporting of high-quality industrial fasteners, including screws, bolts, nuts, and anchor fasteners, and has grown steadily through consistent quality and customer trust.

We are a professionally managed organization equipped with modern manufacturing facilities and skilled craftsmanship. Our products are designed to meet stringent quality standards and are widely used across various industries such as **Construction, Infrastructure, Automotive, Engineering, Machinery Manufacturing, Electrical & Mechanical Industries, Oil & Gas, and General Industrial Applications**.

With a strong focus on quality assurance, innovation, and customer satisfaction, Rudra Fasteners continues to be a reliable partner for durable and high-performance fastening solutions in both domestic and international markets.

## OUR VISION

Our vision at Rudra Fasteners is to become a trusted global name in the fastener industry by delivering precision-engineered, high-quality fastening solutions. We aim to continuously innovate, adopt advanced manufacturing practices, and maintain uncompromising quality standards while building long-term relationships with our customers through reliability, integrity, and excellence.

## OUR STRENGTH

The strength of Rudra Fasteners lies in our skilled workforce, modern manufacturing facilities, and strict quality control systems. Our ability to provide customized fastening solutions, competitive pricing, timely delivery, and consistent product quality enables us to meet the diverse requirements of various industries across domestic and international markets.

# WHY US

# RUDRA FASTENERS

Customized fastening solutions developed to meet specific industrial requirements. Extensive quality checks and precision engineering at every stage of manufacturing. Cost-effective fasteners without compromising on strength, durability, and performance. Timely delivery within the committed schedule to support uninterrupted operations. Reliable and prompt after-sales support ensuring complete customer satisfaction.

## Some factors that give us a competitive advantage over others are as follows:

- Lean, Flat and Focused Organization with Vast experience in Sourcing and Procurement
- Customer Support (SCM) – Dedicated Key Account Manager, Engineers or Executive for Customers.
- Believes in Latest Technology
- Management is Fully Involved
- Major business (80 %) with western Europe and Gulf.
- With over Own 3 Cold Forming, Roll Thread, 20 CNC /VMC machines & 15 Automats And Outsourced 30 CNC & 25 Automats, Can cater to High Volumes with Quick Deliveries.
- Raw Material Inventory of over 50 MT of Hex and Round Bars at any point of time.
