About Us

We, NNIT Car Parking Systems, are one of the premier manufacturer and supplier of advanced parking systems including Circulation Puzzle Car Parking System, Tower Parking System, Independent Pit Stack Parking System, etc. Our company is considered to be one of the best automatic car lift manufacturers in India with the spirit of a true pioneer. Customer-focus, a constant strive for optimization of the parking systems as well as safety are the factors that determine that we are the number one choice for all those in need of reliable and innovative parking solutions. Under the headship of Mr. Nilesh Sali, we have gathered a wide customer base and attained a strong reputation in market.

Our companys goal is to completely transform urban parking by offering creative, effective parking options that optimize available space. Our commitment lies in creating cutting-edge parking solutions that not only satisfy the various demands of our customers but also promote sustainable urban growth. Our goals are to lower traffic and streamline the parking procedure by utilizing state-of-the-art technology and a dedication to excellence. Our objective is to develop enduring relationships with our clients while spearheading innovation in the sector.
