## About Us

Everest Chillers Private Limited manufactures and supplies a diverse range of goods, including Industrial Air Cooled Chillers, Air Conditioning Chillers, Glycol Water Cooled Chillers, Water Cooled Chillers, and others. With over 28 years of manufacturing experience, our company has sturdy facilities that allow us to design and produce customizable Chillers efficiently. The chiller is supplied for various applications all over India and overseas. We prioritize the usage of high-quality raw materials from reputable vendors. Before being used in our manufacturing process, each material is subjected to a series of quality inspections. Our dedication to quality does not stop there; manufactured Chillers are inspected on a variety of factors to guarantee they match our high standards.

We take pleasure in providing complete After-sales Services to our customers. It is our pleasure to observe that our commitment to client satisfaction has been demonstrated by our long-running chillers that require little maintenance.
