About Us

In 2010, Vayuvents Private Limited, was founded in Vasai, Mumbai (Maharashtra, India). We are a manufacturer and exporter of various products, including Motorized Roof Ventilator Fan, Evaporative Air Cooler, Hot Air Oven, Solatube Daylighting Skylight, and many more. To satisfy the wide range of needs of our esteemed clients, we offer our products in variety of specifications. Because we are so concerned about the quality of the given assembly, we only utilize the best raw materials in our manufacturing process. We have also built a cutting-edge infrastructural facility unified with basic facilities and machines that utilize the most cutting-edge technology available.

We have also hired a group of knowledgeable and competent experts who have received extensive training to comprehend the wide range of needs of our esteemed clientele. We want to continue to grow our clientele and maintain the leading position we have held in the industry for decades. We exclusively engage in moral commercial transactions. Many different industries employ these products, including textiles, cement production, power plants, and pharmaceuticals. We have established our unique position in the market thanks to the capable leadership of our founder Mr. Rajan Ramashish Pal. His extensive experience in the industry, unwavering drive, and solid business acumen have helped our company achieve remarkable success in this cutthroat environment.

Vayuvents Private Limited is Vasai, Maharashtra, India based company that excels in offering products like Car Parking Fan, Pulse Jet Dust Collector, Dust Suppression System, Anti Smog Gun, etc. It was in 2010 when we laid the foundation stone of our company and since we have been growing at a tremendous pace. Owing to all the required facilities, we are able to design and develop our products and bring the best for our clients at genuine rates.
