About Us

We, Earth Corporation, are satisfying specific needs of customers pertaining to fine grade minerals. Based in Ahmedabad, Gujarat (India) from over a decade, we are considered the best in the Indian Minerals Industry for paying attention to quality and bringing forth a variety of minerals like Carbon Gypsum, Activated Bentonite, Natural Bauxite, Attapulgit Powder, Earth Fuller and Earth Bleaching, majorly in powder form. We are proudly maintaining a portfolio of reasonably priced minerals to delight our customers better. Since we are serving as not only a manufacturer but also as a trader, we emphasize on sourcing right quality minerals. Selection of vendors is done on the basis of their ability to provide us with required quantity of minerals within scheduled time. It is with the support of our vendors that we are making available different minerals under the same roof. For all orders, we commit our customers to make prompt delivery service.

Earth Corporation is appreciated across the nation for maintaining a quality based portfolio of minerals. Trusted by small to large sized establishments, we are considered an ideal source for obtaining Carbon Gypsum, Earth Bleaching, Natural Bauxite, Activated Bentonite, and other minerals because we price our collection competitively. A large number of companies indulging in processing of food, cosmetics, chemicals, cement and other products source aforesaid minerals in large quantity. Customers requirement for safely processed minerals are well-met by our company as we maintain aforesaid minerals in great stock. From our robust setup in Ahmedabad, Gujarat, India, we make delivery of all orders across the nation.
