Company Profile

Our Brief

QUANTUM Hi-Tech's core business is distributing quality consumer electronics globally.

QUANTUM Hi-Tech is one of the most respected brand names across the country and our products are widely distributed.

We can boast with confidence of competitiveness in Product Design, Operational Logistics and Professional Management leading to highly reliable development and distribution of different products under our banner. With our technical expertise and highly trained R&D Engineers we can assure that each product under the banner of Quantum Hi-Tech is a benchmark of quality and reliability.

Vision and Goals

To explore the vast potential in areas which can benefit from technological advancements.

To create and provide technologically superior products with state of the art features for wider applications and thereby achieve our ultimate goal of providing our customers with most Reliable IT Solutions.

To Keep a close watch on the latest developments across the globe and provide comprehensive range of products which match the latest trends based on consumer demands.

To enable better lifestyle, security and surveillance may it be by indigenous R&D or by forming strategic alliances with the best of manufacturing facilities in this field around the world.
