About Us

We at **Servolts Private Limited** uphold great expertise in the development and engineering of the most advanced range of stabilizers & transformers. Our newly incorporated enterprise aims to lead the market nationwide through its flawless workflow management as a **manufacturer** and **retailer**. The assortment which we are bringing for the customers includes **Air Cooled Digital Servo Stabilizer, Industrial Mainline Voltage Stabilizer, Domestic Servo Stabilizer, Industrial Isolation Transformer** and many more items. We are presenting the finest deals or prices for the most efficient, reliable and promising quality of products available in the entire marketplace. Ultimately, we seek to emerge as the foremost preference of customers who require top notch stabilizers and transformers.

Quality Assurance

We have two well established production units that are operating at high pace on a daily basis. These facilities enable us to handle all the organizational processes smoothly and safely. We are able to run necessary tests for quality assurance with the availability of all essential facilities. After thorough examination, only finest working equipment including Industrial Isolation Transformer, Domestic Servo Stabilizer, Air Cooled Digital Servo Stabilizer, Industrial Mainline Voltage Stabilizer and others are delivered by us.

Why Us?

Servolts voltage stabilizers are the best options for the customers in industrial and other areas. We are presenting the most affordable and long term deals to buyers in the entire domain. Also, we are assuring our 24x7 availability to them. Our enterprise has world class facilities to stay resourceful, connected and reliable for the customers.

Why Servolts Voltage Stabilizers Are Best For You?

Our team of experts comes from an electrical background, with each professional having great insight and exposure in finance, manufacturing and technical know-how of the field. They design and develop equipment that are most efficient, reliable and cost saving. Also, our products have certifications, which shows that they are of the top grade.

Our Products

**Single Phase Mainline
Voltage Stabilizer**

Electrical Voltage Stabilizer

Servo Voltage Stabilizer

**Automatic Servo Voltage
Stabilizer For Compressor**

**Three Phase Servo Voltage
Stabilizer**

**30kVA Three Phase Servo Controlled
Voltage Stabilizer**

**230V Servo Voltage
Stabilizer**

**300 kVA Industrial Three Phase
Servo Voltage Stabilizer**

Domestic Servo Stabilizer

Industrial Isolation Transformer

Single Phase Isolation Transformer

5kVA Single Phase Isolation Transformer

230V Step Down Voltage Transformer

Variable Auto Transformer

Servo Voltage Stabilizer For Non Woven Bag Making Machine

Electronic Servo Voltage Stabilizer For Dental Chair

Electronic Servo Voltage Stabilizer

400 kVA Servo Stabilizer
