About Us

The uniqueness of a company can be determined by the different type of products/services they provide to the customers. The diverse products that our company, SRE Corporation provides are one of their kind. Since the year 2000, we have been operating and our decade-long experience has led us to be a manufacturer, supplier and service provider of the best technological solutions. The diversity of our company comes from our range of advanced products which includes Industrial Air Cooler, Air Cooler Water Pump, Automatic Jacquard Machine, Industrial Felt Cloth, GTM Right Left Gripper, etc. Besides, we provide services after sales & without sales, which makes us even more distinguished in the market and we aim to offer our aid to newer customers as well.

The prolonged period of existence of a company is helpful for them to obtain a sturdy market position. Backed by a whole decade of experience, we, SRE Corporation have reached to the topmost position by providing the most unique product line which includes Loom Gamma Sprocket Wheel, Air Cooler Motor, Jacquard Needle Loom Machine, 4mm Felt Cloth, Black Bobbin, etc. All the products are manufactured in our in-house production unit which is located in the city of Coimbatore, Tamil Nadu, India. From here we deliver our low energy consuming, ease to use, durable, and sturdy range of products to major clients and we want to reach our to even more customers in the future.
