## About Us

Testing and measurement are the vital elements of many industrial processes. We, Hally Instruments, are a trustworthy manufacturer, supplier, exporter and trader of precisely engineered laboratory equipments and scientific instruments for diverse applications. We offer an efficient range of Incubator Shaker, heating & cooling instruments and stirrers at a mazingly low prices. Our portfolio of products includes digital pH meter, Rotary Incubator Shaker, U.V. cabinet, leak test apparatus, oven, vacuum oven, B.O.D. incubator, orbital shaker, and many other items which are widely used in R & D dept. and various industries like Chemical, Pharmaceutical, Food Processing, etc.

By leveraging our in-depth knowledge and experience, we have created an extensive collection of laboratory instruments that various professionals frequently use and appreciate. Produced by following the most modern principles of engineering, our products are high on every aspect of precision, perfection and accuracy. We are a pool of experienced scientists, engineers and other professionals to fabricate the most advance range of products for our valued clients. Our uncompromising attitude towards client satisfaction and on-time delivery schedules has helped us to build a strong reputation for ourselves within a limited time span.

At Hally Instruments, superior quality is maintained by following stringent quality control measures at every stage of the process. Our Shaking Incubator and Orbital Shaker are the most popular products in terms of quality & efficiency. We follow various production norms and methods specified by domestic and international organizations to ensure flawless production. Every task is executed under the strict supervision of experienced professionals having versatile knowledge in their respective discipline. We also possess an advance laboratory which is equipped with the latest testing and measuring equipments to conduct various physical tests on our products. Only approved and inspected items are allowed to move to the market, thus leaving no stone unturned in ensuring superior quality.

## Key Facts

No of Staff	15
Year of Establishment	2006
OEM Service Provided	No

## Our Products

**Laboratory Oven**

**Vacuum Oven**

**Orbital Shaker**

**Laboratory Flocculator**

**Water Still**

**Laboratory Oil Bath**

**Moisture Balance**

**Digital PH Meter**

**Laboratory Refrigerator**

**Autoclave Round Digital Automatic**

**Bio Safety Cabinet**

**Laminar Air Flow Cabinet**

**Heating Mantle**

**COD Digester**

**Ultraviolet Cabinet**

**Laboratory Autoclave**
