SAFETY TOUGHENED GLASS

About Us

The Make In India Programme, which Prime Minister Sh. Narendra Modi introduced in 2014, served as the inspiration for Shivsai Technologies, an Indian glass processing company. Our business focuses on customer service and quality while producing a wide selection of cutting-edge privacy solutions for both commercial and residential clients. We are one of the top manufacturer and supplier of toughened glass building goods in India. Our collection includes Aluminium Glass Partitions, Showroom Glass Doors, Frameless Toughened Glasses, Aluminium Glass Partitions, etc.

Our selection of toughened glass will guarantee the security and safety of your building, car, solar panels and any other application of your choice. Compared to our competitors, our safety glass products are tougher and stronger. Our product line can withstand the most rigorous tests, including badly aimed cricket balls, strong winds and burglary attempts. All of our goods are produced in accordance with BIS and ISI rules and Indian Building Standards.

Shivsai Technologies is dedicated to making a meaningful difference in sustainable development through the advancement of the economy, social responsibility, and environmental preservation. Our business is focused on using its goods like Frameless Toughened Glasses, Showroom Glass Doors, Aluminium Glass Partitions, etc. to have an impact on all facets of society while actively filling in the gaps in the glass sector.
