About Us

A helmet that fits well can make a motorcyclist safer and more comfortable while cruising down the road. A helmet is the single most important protective gear that motorcyclists have for avoiding crash-related head injuries. A motorcycle helmet also lessens the effects of wind on a motorcyclist's hearing and vision. Besides, road and traffic safety regulations require a rider to wear a helmet while driving or riding a bike.

We, Namrata Auto Plast, are a leading manufacturer and supplier of helmets. Our range of helmets include motorcycle helmet, half motorcycle helmet, two wheeler helmets, biker helmets, sports helmets, designer helmets, etc. Our company also deals in Helmet Locks. We combine some of the most sought after features in motorcycle helmets into one helmet and leave room for the incorporation of even greater technology as it becomes available. Our brands include renowned names like Supreme, Dhoom, Discover, Super-B, Super-XL, RV Leather, and Icon. We have always used high grade raw materials to bring optimum performance to motorcycle riders at competitive prices.
